If a joint return has been filed for a tax year, the spouses may not file separate returns after the time for filing the return of either has expired unless the department consents.

(3) If a taxpayer is unable to make the taxpayer's own return, the return must be made by an authorized agent or by a guardian or other person charged with the care of the person or property of the taxpayer.

(4) All taxpayers, including but not limited to those subject to the provisions of 15-30-202 and 15-30-241, shall compute the amount of income tax payable and shall, ~~at the time of filing the return required by this chapter~~ *on or before the date required by this chapter for filing a return*, pay to the department any balance of income tax remaining unpaid after crediting the amount withheld, as provided by 15-30-202, and any payment made by reason of an estimated tax return provided for in 15-30-241. However, the tax computed must be greater by $1 than the amount withheld and paid by estimated return as provided in this chapter. If the amount of tax withheld and the payment of estimated tax exceed by more than $1 the amount of income tax as computed, the taxpayer is entitled to a refund of the excess.

(5) As soon as practicable after the return is filed, the department shall examine and verify the tax.

(6) If the amount of tax as verified is greater than the amount paid, the excess must be paid by the taxpayer to the department within 60 days after notice of the amount of the tax as computed, with interest added as provided in 15-1-216. In that case, there may not be a penalty because of the understatement if the deficiency is paid within 60 days after the first notice of the amount is mailed to the taxpayer.

(7) By November 1 of each year, the department shall multiply the minimum amount of gross income necessitating the filing of a return by the inflation factor for the tax year. These adjusted amounts are effective for that tax year, and persons who have gross incomes less than these adjusted amounts are not required to file a return.

(8) Individual income tax forms distributed by the department for each tax year must contain instructions and tables based on the adjusted base year structure for that tax year."

The department must be advised in advance of the date of entry and the destination of the bees or material. Used equipment or bees transported into the state may be

quarantined by the department, in accordance with 80-6-201(1)(c), from the time they enter the state until they have been inspected and found to be apparently free of pests and diseases or until they have been in use while under quarantine for a minimum of 90 days and at least until the following July 1. The beekeeping materials are also subject to quarantine as provided in this section. The department may also inspect and certify as being apparently pest- and disease-free bees or beekeeping equipment to be transported from Montana to a state that requires an inspection in the state of origin.

(b) if the offense is a misdemeanor, a fine of not less than $25 or more than $500 or imprisonment in the county jail not exceeding 1 year, or both.

"81-4-301. Herd districts — creation, size, and location. (1) Herd districts may be created in any county in the state of Montana*:*

(a) upon petition of owners or possessors of 55% of the land in the district and providing that 25% or more of the land in the district is in actual cultivation or being used for residential purposes*; or*

~~(3)~~*(4)* The petition must designate the months of the year when the herd district is effective, and upon presentation and filing of the petition, properly signed, giving the outside boundaries and description of the proposed district and the post-office address of the petition signers, with the clerk and recorder in the county in which the district is being created, the county commissioners of that county, upon receipt of the petition, shall set a date for hearing protests and verifying the petition signatures and shall give not less than 20 days' notice of the hearing by three publications in a newspaper of general circulation in the county of the proposed district. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-1-501, MCA, is amended to read:

"17-1-501. Legislative intent. (1) It is the intent of the legislature, by establishing criteria for the review and evaluation of revenue dedication provisions, to ensure that provisions for revenue dedication:

(a) are based on sound principles of revenue dedication as described in 17-1-507;

(b) reflect present circumstances and legislative priorities for state spending;

(c) are terminated when they are no longer necessary or appropriate; and

(d) are subject to the same legislative scrutiny as programs or activities funded from the general fund.

(2) It is the intent of the legislature, by establishing criteria for the review and evaluation of statutory appropriation provisions, to ensure that provisions with statutory appropriations:

(a) reflect present circumstances and legislative priorities for state spending;

(b) are terminated when they are no longer necessary or appropriate; and

(c) are subject to the same legislative scrutiny as other appropriations.

(3) When revenue is dedicated to a local government, it is the intent of the legislature that the dedicated revenue provision be reviewed in the context of the policy and purpose expressed in 15-1-120."

Section 2. Section 17-1-502, MCA, is amended to read:

"17-1-502. Definitions. As used in this part, unless the context requires otherwise, the following definitions apply:

(1) "Administrative costs" includes:

(a) personal services;

(b) operating expenses, such as travel, supplies, and communication costs; and

(c) capital expenses, such as equipment, building costs, and real property costs.

(2) (a) "Continuing and reliable source of revenue" means a revenue source for which an agency forecasts an annual level of collections based upon historical data and prepares a budget for expenditures commensurate with the level of collections. Collections may not change significantly on an annual basis.

(b) The term does not include revenue:

(i) that an agency will receive only as a result of an occurrence that is not a routine part of agency operations;

(ii) that will vary significantly on an annual basis; or

(iii) that is unable to be included in the agency budget because of the erratic nature of receipt.

(3) "Dedicated revenue provision" means an administrative or legislative action that allocates the revenue from a tax, fee, assessment, or other source to an account in the state special revenue fund, as described in 17-2-102*, or to a local government*.

(4) "General revenue source" means a source of revenue not governed by established or implied restrictions based on the source or limited use of the revenue. The term includes taxes, interest earnings, investment earnings, fines, and forfeitures.

(5) "Local government" means a municipality, a county, a consolidated government, or a special district.

~~(5)~~*(6)* "State special revenue fund" means a fund in the state treasury consisting of money from state sources that is earmarked for the purposes of defraying particular costs of an agency, program, or function of state government, as provided in 17-2-102."

Section 3. Section 17-1-505, MCA, is amended to read:

"17-1-505. Review of dedicated revenue provisions. (1) The legislature recognizes that dedicated revenue provisions are subject to review by:

(a) the office of budget and program planning in the development and implementation of the executive budget and analysis of legislation;

(b) the legislative fiscal division in analyzing the executive budget;

(c) the legislative services division in drafting legislation;

(d) the legislative auditor in auditing agencies; ~~and~~

(f) the department of revenue in reviewing revenue sources and determining distributions to local governments.

(2) To avoid unnecessary *and unjustified* use of dedicated revenue provisions, the entities listed in subsection (1) shall, in the course of current duties, consider the principles in 17-1-507 and the criteria listed in this subsection for each new or existing dedicated revenue provision. *If an entity referred to in subsection (1) determines that the use of a dedicated revenue provision is not justified, the use or proposed use must be reported to the legislative fiscal analyst. The legislative fiscal analyst shall maintain a list of unjustified dedicated revenue provisions and shall report on the unjustified dedicated revenue provisions to the legislative finance committee no later than October 31 of the year preceding a regular legislative session.* A dedicated revenue provision should not give a program or activity an unfair advantage for funding. The expenditures from a dedicated revenue provision must be based on requirements for meeting a legislatively established outcome. Statutorily mandated programs or activities funded through dedicated revenue provisions from general revenue sources must be reviewed to the same extent as programs or activities funded from the general fund. The use of a dedicated revenue provision may be justified if it satisfies one or more of the following:

(a) The program or activity funded provides direct benefits for those who pay the dedicated tax, fee, or assessment, and the tax, fee, or assessment is commensurate with the costs of the program or activity.

(b) The use of the dedicated revenue provision provides special information or other advantages that could not be obtained if the revenue were allocated to the general fund.

(c) The dedicated revenue provision provides program funding at a level equivalent to the expenditures established by the legislature.

(d) The dedicated revenue provision involves collection and allocation formulas that are appropriate to the present circumstances and current priorities in state government.

(e) The dedicated revenue provision does not impair the legislature's ability to scrutinize budgets, control expenditures, and establish priorities for state spending.

(f) The dedicated revenue provision results in an appropriate projected ending fund balance.

(g) The dedicated revenue provision fulfills a continuing, legislatively recognized need.

(h) The dedicated revenue provision does not result in accounting or auditing inefficiency.

(3) A local government dedicated revenue provision may be justified if it satisfies any of the following:

(a) The program or activity funded provides direct benefits or services for those who pay the dedicated tax, fee, or assessment, and the tax, fee, or assessment is commensurate with the costs of the program or activity.

(b) The provision provides necessary information or other advantages that could not be obtained if the revenue were allocated to the state general fund.

(c) The provision involves collection and allocation formulas that are appropriate to the present circumstances and current priorities of state and local government.

(d) The provision does not impair the ability of the legislature to scrutinize budgets, control expenditures, and establish state spending priorities.

(e) The provision fulfills a legislatively recognized continuing need.

(f) The provision does not result in accounting or auditing inefficiency or unnecessary complexity and instability of local government funding structures."

Section 4. Section 17-3-222, MCA, is amended to read:

"17-3-222. Apportionment of money to counties. (1) It is the duty of the state treasurer to properly apportion and allocate the money received under 17-3-221 to the county treasurers, who shall allocate the money as follows:

(a) 50% to the county general fund; and

(b) 50% to *the state general fund to be used for* the elementary BASE funding programs of the school districts in the county.

The revenue collected from this levy must be apportioned to the support of the elementary BASE funding programs of the school districts in the county and to the state general fund in the following manner:

(a) In order to determine the amount of revenue raised by this levy that is retained by the county, the sum of the estimated revenue identified in subsection (2) must be subtracted from the total of the BASE funding programs of all elementary districts of the county.

(b) If the basic levy and other revenue prescribed by this section produce more revenue than is required to repay a state advance for county equalization, the county treasurer shall remit the surplus funds to the department of revenue, as provided in 15-1-504, for deposit to the state general fund immediately upon occurrence of a surplus balance and each subsequent month, with any final remittance due no later than June 20 of the fiscal year for which the levy has been set.

(2) The revenue realized from the county's portion of the levy prescribed by this section and the revenue from the following sources must be used for the equalization of the elementary BASE funding program of the county as

prescribed in 20-9-335, and a separate accounting must be kept of the revenue by the county treasurer in accordance with 20-9-212(1):

(d) any money remaining at the end of the immediately preceding school fiscal year in the county treasurer's accounts for the various sources of revenue established or referred to in this section;

(e) any federal or state money distributed to the county as payment in lieu of property taxation, including federal forest reserve funds allocated under the provisions of 17-3-213;

(f) gross proceeds taxes from coal under 15-23-703; and

(g) oil and natural gas production taxes."

(1) The driver of a vehicle upon a highway or street either inside or outside the corporate limits of any city or town upon meeting or overtaking from either direction any school bus that has stopped on the highway or street to receive or discharge any school children:

(a) shall stop the vehicle not less than 10 feet before reaching the school bus when there is in operation on the bus a visual flashing red signal as specified in 61-9-402; and

(b) may not proceed until the children have entered the school bus or have alighted and reached the side of the highway or street and until the school bus ceases operation of its visual flashing red signal.

(2) The driver of a vehicle shall slow to a rate of speed that is reasonable under the conditions existing at the point of operation and must be prepared to stop when meeting or overtaking from either direction any school bus that is preparing to stop on the highway or street to receive or discharge school children as indicated by flashing amber lights as specified in 61-9-402.

(3) Each bus used for the transportation of school children must bear upon the front and rear plainly visible signs containing the words "SCHOOL BUS" in letters not less than 8 inches in height and, in addition, must be equipped with visual signals meeting the requirements of 61-9-402. Amber flashing lights must be actuated by the driver approximately 150 feet in cities and approximately 500 feet in other areas before the bus is stopped to receive or discharge school children on the highway or street. Red lights must be actuated by the driver of the school bus whenever but only whenever the vehicle is

stopped on the highway or street whether inside or outside the corporate limits of any city or town to receive or discharge school children. However, a school district board of trustees may, in its discretion, adopt a policy prohibiting the operation of amber or red lights when a bus is stopped at the school site to receive or discharge school children and the receipt or discharge does not involve street crossing by the children. The lights may not be operated in violation of that policy.

(4) The requirements that a driver of a motor vehicle shall stop when a school bus receives or discharges school children under subsection (1) and the requirements that amber and red lights must be actuated by a school bus driver under subsection (3) do not apply when a school bus receives or discharges school children in a designated school bus pullout on a state highway. A designated school bus pullout must meet the following requirements:

(a) The pullout must be located on a roadway separated by a physical barrier, such as a guardrail, raised median, drainage ditch, or irrigation ditch.

(b) The separate roadway must be designed, constructed, and signed specifically for use by school buses, with sufficient space for safe ingress and egress from the main traveled way.

(c) The pullout must be approved by the local affected school district, by a resolution of the district trustees, and by the district superintendent as a mandatory school bus stop for receiving and discharging school children.

~~(4)~~*(5)* When a school bus is being operated upon a highway for purposes other than the actual transportation of children either to or from school or for school functions, all markings on the bus indicating "SCHOOL BUS" must be covered or concealed.

~~(5)~~*(6)* The driver of a vehicle upon a highway with separate roadways need not stop upon meeting or passing a school bus that is on a different roadway or when upon a controlled-access highway and the school bus is stopped in a loading zone that is a part of or adjacent to the highway and where pedestrians are not permitted to cross the roadway.

~~(6)~~*(7)* Whenever a vehicle is established to have been in violation of subsection (1), the person in whose name the vehicle is registered is prima facie the driver of the vehicle at the time of the alleged violation.

~~(7)~~*(8)* Violation of subsection (1) is punishable upon conviction by a fine of not more than $500."

Section 3. Section 61-8-715, MCA, is amended to read:

"61-8-715. Reckless driving — reckless endangerment of highway workers — penalty. (1) Except as provided in subsection (3), a person convicted of reckless driving under 61-8-301(1)(a) or (1)(c) or convicted of reckless endangerment of highway workers under 61-8-315 shall be punished upon a first conviction by imprisonment for a term of not more than 90 days, by a fine of not less than $25 or more than $300, or both. (j) a description of how the existing use of water will be reduced to accommodate the temporary change of use of the appropriation right, including the number and location of acres to be removed from irrigation, if applicable.

(2) A short-term lease of an appropriation right under this section may not exceed 60,000 gallons a day or the amount of the appropriation right, whichever is less. Any combination of short-term leases cannot exceed 120,000 gallons a day for one project.

(3) ~~The~~ *Except as provided in subsection (9), the* following information must be submitted to the department at least 2 days prior to the use of water by a lessee under this section:

CHAPTER NO. 79

[HB 77]

AN ACT PROVIDING A PROCEDURE FOR DNA TESTING OF A PERSON CONVICTED OF A FELONY WHO IS SERVING A TERM OF INCARCERATION; AND REQUIRING THE STATE TO PRESERVE SCIENTIFIC IDENTIFICATION EVIDENCE THAT THE STATE HAS REASON TO BELIEVE CONTAINS DNA MATERIAL AND THAT IS OBTAINED IN CONNECTION WITH A FELONY FOR WHICH A CONVICTION IS OBTAINED.

Be it enacted by the Legislature of the State of Montana:

Section 1. Petition for DNA testing. (1) A person convicted of a felony who is serving a term of incarceration may file a written petition for performance of DNA testing, as defined in 44-6-101, in the court that entered the judgment of conviction. The petition must include the petitioner's statement that the petitioner was not the perpetrator of the felony that resulted in the conviction and that DNA testing is relevant to the assertion of innocence. The petition must be verified by the petitioner under penalty of perjury and must:

(a) explain why the identity of the perpetrator of the felony was or should have been a significant issue in the case;

(b) present a prima facie case that the evidence to be tested has been subject to a chain of custody sufficient to establish that the evidence has not been substituted, tampered with, degraded, contaminated, altered, or replaced in any material aspect;

(c) explain, in light of all the evidence, how the requested testing would establish the petitioner's innocence of the felony;

(d) make every reasonable attempt to identify both the evidence that should be tested and the specific type of DNA testing sought;

(e) reveal the results of any DNA or other known biological testing that was previously conducted by the prosecution or defense; and

(f) state whether a petition was previously filed under this section and the results of the proceeding.

(2) If the petition does not contain the information required in subsection (1), the court shall return the petition to the petitioner and advise the petitioner that the matter cannot be considered without the missing information.

(3) If subsection (1) is complied with, the court shall order a copy of the petition to be served on the attorney general, the county attorney in the county of conviction, and, if known, the laboratory or government agency holding the evidence sought to be tested. The court shall order that any responses to the petition must be filed within a reasonable time after the date of service under this subsection.

(4) The court may order a hearing on the petition. The hearing must be before the judge who conducted the trial, unless the court determines that that judge is unavailable. Upon request of any party, the court may in the interest of justice order the petitioner to be present at the hearing. The court may consider evidence whether or not it was introduced at the trial.

(5) The court shall grant the petition if it determines that the petition is not made for the purpose of delay and that:

(a) the evidence to be tested:

(i) was secured in relation to the trial that resulted in the conviction;

(ii) is available; and

(iii) is in a condition that would permit the requested testing;

(b) the evidence to be tested has been subject to a chain of custody sufficient to establish that it has not been substituted, tampered with, degraded, contaminated, altered, or replaced in any material aspect;

(c) the identity of the perpetrator of the felony was or should have been a significant issue in the case;

(d) the petitioner has made a prima facie showing that the evidence sought to be tested is material to the question of whether the petitioner was the perpetrator of the felony that resulted in the conviction;

(e) the requested testing results would establish, in light of all the evidence, whether the petitioner was the perpetrator of the felony that resulted in the conviction; and

(f) the evidence sought to be tested was not previously tested or was tested previously but another test would provide results that are reasonably more discriminating and probative on the question of whether the petitioner was the

perpetrator of the felony that resulted in the conviction or would have a reasonable probability of contradicting the prior test results.

(6) If the court grants the petition, the court shall identify the evidence to be tested. The testing must be conducted by a laboratory mutually agreed upon by the petitioner, the attorney general, and the county attorney in the county of conviction. If the parties cannot agree on a laboratory, the court shall direct a laboratory of the court's choice to conduct the testing. At the request of the attorney general or the county attorney of the county of conviction, the court shall order the evidence submitted to an additional laboratory designated by the requester for additional testing. The court shall impose reasonable conditions on the testing designed to protect the parties' interests in the integrity of the evidence and the testing process.

(7) Testing ordered by the court must be conducted as soon as practicable, and if the court finds that a gross miscarriage of justice would otherwise occur and that it is necessary in the interests of justice to give priority to the DNA testing, the court shall order a laboratory, if located in this state, to give the testing priority over any other pending casework of the laboratory.

(8) The test results must be fully disclosed to the parties.

(9) If the test results are inconclusive, the court may order further appropriate testing or terminate the proceeding. If the test results are not favorable to the petitioner, the court shall:

(a) notify the board of pardons and parole;

(b) order the petitioner's test sample to be included in the DNA identification index established under 44-6-102 and the federal combined DNA index system (CODIS) offender database;

(c) notify any victim and the family of the victim that the test results were not favorable to the petitioner; and

(d) terminate the proceeding.

(10) If the test results are favorable to the petitioner, the court shall order a hearing and after the hearing shall make appropriate orders pursuant to applicable statutes regarding postconviction proceedings.

(11) The court shall order a petitioner who is able to do so to pay the costs of testing. If the petitioner is unable to pay, the court shall order the state to pay the costs of testing. The court shall order additional testing requested by the attorney general or the county attorney of the county of conviction to be paid for by the state.

(12) The remedy provided by this section is in addition to any remedy available under part 1 of this chapter.

Section 2. Preservation and disposal of scientific identification evidence obtained in criminal proceeding. (1) The state shall preserve scientific identification evidence that the state has reason to believe contains DNA material and that is obtained in connection with a felony for which a conviction is obtained. The state shall preserve the evidence for a minimum of 3 years after the conviction in the case becomes final or for any period beyond 3 years that is required by a court order issued within 3 years after the conviction in the case becomes final.

(2) The state may propose to dispose of scientific identification evidence before the expiration of the time period described in subsection (1) if the state

notifies the convicted person and any attorney of record for the convicted person. The notification must include a description of the scientific identification evidence, a statement that the state will dispose of the evidence unless a party files an objection in writing within 120 days from the date of service of the notification in the court that entered the judgment, and the name and mailing address of the court where an objection may be filed. If an objection to the disposition of the evidence is not filed within that 120-day period, the state may dispose of the evidence. If a written objection is filed, the court shall consider the reasons for and against disposition of the evidence, may hold a hearing on the proposed disposition of the evidence, and shall issue an order ruling on the matter as required by the interests of justice and the integrity of the criminal justice system.

(3) If a party objects to the disposition of the scientific identification evidence, the state has the burden of proving by a preponderance of the evidence that the evidence should be disposed of.

Section 3. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 46, chapter 21, and the provisions of Title 46 apply to [sections 1 and 2].

(b) The application must be made in accordance with the rules adopted by the department. There is a $25 fee for the initial application. Any subsequent application renewal must be accompanied by a $25 application fee. The application fee must be deposited in the administration fund established in 39-71-201 to offset the costs of administering the program.

(c) When an application is approved by the department, it is conclusive as to the status of an independent contractor and precludes the applicant from obtaining benefits under this chapter.

(d) The exemption, if approved, remains in effect for 3 years following the date of the department's approval. To maintain the independent contractor status, an independent contractor shall every 3 years submit a renewal application. A renewal application must be submitted for all independent contractor exemptions approved on or after July 1, 1995. (b) If the employer changes plans or insurers, the employer's previous election is not effective and the employer shall again serve notice to its insurer and to its board of directors or the management organization of the manager-managed limited liability company if the employer elects to be bound.

(5) The appointment or election of an employee as an officer of a corporation, a partner in a partnership, a partner in a limited liability partnership, or a member in or a manager of a limited liability company for the purpose of exempting the employee from coverage under this chapter does not entitle the officer, partner, member, or manager to exemption from coverage.

(6) Each employer shall post a sign in the workplace at the locations where notices to employees are normally posted, informing employees about the employer's current provision of workers' compensation insurance. A workplace is any location where an employee performs any work-related act in the course of employment, regardless of whether the location is temporary or permanent, and includes the place of business or property of a third person while the employer has access to or control over the place of business or property for the purpose of carrying on the employer's usual trade, business, or occupation. The sign must be provided by the department, distributed through insurers or directly by the department, and posted by employers in accordance with rules adopted by the department. An employer who purposely or knowingly fails to post a sign as provided in this subsection is subject to a $50 fine for each citation."

AN ACT GENERALLY REVISING UNEMPLOYMENT INSURANCE LAWS; CLARIFYING THE FEDERAL EXEMPTION FROM THE TERM "EMPLOYMENT"; REMOVING THE TIME LIMITATIONS FOR EXPENDITURES OF FUNDS RECEIVED PURSUANT TO SECTIONS 903 AND 904 OF THE SOCIAL SECURITY ACT FOR ADMINISTRATIVE EXPENSES; PROVIDING THAT CERTAIN INDIVIDUALS CALLED TO ACTIVE MILITARY DUTY MAY NOT BE DISQUALIFIED FOR

UNEMPLOYMENT BENEFITS; PROVIDING THAT THE EDUCATION REQUIREMENT TO REQUALIFY FOR UNEMPLOYMENT BENEFITS RUNS FROM THE DATE OF THE ACT THAT CAUSED DISQUALIFICATION RATHER THAN THE DATE OF ENROLLMENT; AMENDING SECTIONS 39-51-204, 39-51-404, AND 39-51-2302, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-51-204, MCA, is amended to read:

"39-51-204. Exclusions from definition of employment. (1) The term "employment" does not include:

(a) domestic or household service in a private home, local college club, or local chapter of a college fraternity or sorority, except as provided in 39-51-202(3). If an employer is otherwise subject to this chapter and has domestic or household service employment, all employees engaged in domestic or household service must be excluded from coverage under this chapter if the employer:

(i) does not meet the monetary payment test in any quarter or calendar year, as applicable, for the subject wages attributable to domestic or household service; and

(ii) keeps separate books and records to account for the employment of persons in domestic or household service.

(b) service performed by a dependent member of a sole proprietor for whom an exemption may be claimed under 26 U.S.C. 152 or service performed by a sole proprietor's spouse for whom an exemption based on marital status may be claimed by the sole proprietor under 26 U.S.C. 7703;

(c) service performed as a freelance correspondent or newspaper carrier if the person performing the service, or a parent or guardian of the person performing the service in the case of a minor, has acknowledged in writing that the person performing the service and the service are not covered. (ii) who contracts with a cosmetology salon, as defined in 37-31-101, or a barbershop, as defined in 37-30-101, which contract must show that the cosmetologist or barber:

(A) is free from all control and direction of the owner in the contract;

(B) receives payment for service from individual clientele; and

(C) leases, rents, or furnishes all of the cosmetologist's or barber's own equipment, skills, or knowledge; and

(iii) whose contract gives rise to an action for breach of contract in the event of contract termination. The existence of a single license for the cosmetology salon or barbershop may not be construed as a lack of freedom from control or direction under this subsection.

(f) casual labor not in the course of an employer's trade or business performed in any calendar quarter, unless the cash remuneration paid for the service is $50 or more and the service is performed by an individual who is regularly employed by the employer to perform the service. "Regularly employed" means that the service is performed during at least 24 days in the same quarter.

(g) service performed by sole proprietors, working members of a partnership, members of a member-managed limited liability company that has filed with the secretary of state, or partners in a limited liability partnership that has filed with the secretary of state;

(k) service performed by an ordained, commissioned, or licensed minister of a church in the exercise of the church's ministry or by a member of a religious order in the exercise of duties required by the order;

(l) service performed by an individual receiving rehabilitation or remunerative work in a facility conducted for the purpose of carrying out a program of rehabilitation for individuals whose earning capacity is impaired by age or physical or mental deficiency or injury or providing remunerative work for individuals who, because of impaired physical or mental capacity, cannot be readily absorbed in the competitive labor market;

(v) service performed as an officer or member of the crew of a vessel on the navigable waters of the United States;

(w) service performed by an alien admitted to the United States to perform agricultural labor pursuant to sections 214(c) and 1101(a)(H)(ii)(a) of the Immigration and Nationality Act; or

~~(c)~~*(b)* limits the amount that may be used during any 12-month period beginning on July 1 and ending on the next June 30 to an amount not exceeding the amount by which the aggregate of the amounts credited to the account of this state pursuant to sections 903 and 904 of the Social Security Act (42 U.S.C. 1103 and 1104), as amended, during the same 12-month period and the 34 preceding 12-month periods exceeds the aggregate of the amounts used pursuant to this section and charged against the amounts credited to the account of this state during any of the 35 12-month periods.

(2) For the purposes of this section, amounts used during any 12-month period must be charged against equivalent amounts that were first credited and that are not already charged, except that an amount used for administration

during any 12-month period may not be charged against any amount credited during a 12-month period earlier than the 34th preceding period. Money requisitioned for the payment of expenses of administration pursuant to this section must be deposited in the unemployment insurance administration account but, until expended, must remain a part of the unemployment insurance fund.

[HB 117]

AN ACT GENERALLY CLARIFYING THE UNEMPLOYMENT INSURANCE TAX LAWS; CLARIFYING THAT THE DEPARTMENT OF REVENUE MAY ISSUE SUMMONS PENALTIES FOR FAILURE OF AN EMPLOYER TO SUBMIT WAGE INFORMATION OR PAY WITHHOLDING TAXES ON TIME; CLARIFYING THE DETERMINATION OF PENALTIES AND INTEREST FOR FAILURE OF AN EMPLOYER TO FILE UNEMPLOYMENT INSURANCE REPORTS OR MAKE PAYMENTS; AMENDING SECTIONS 15-30-209, 39-51-1206, AND 39-51-1301, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-30-209, MCA, is amended to read:

"15-30-209. Violations by employer — penalties, interest, and remedies. (1) The department shall, as provided in 15-1-216, add penalty and interest to the amount of all delinquent withholding taxes.

(2) The first time in any consecutive 3-year period that an employer files a report or remits a tax after the due date, the department shall issue a warning notice explaining to the employer that the employer failed to file a report on the due date as required by law and, if applicable, that the employer failed to remit the tax on the due date as required by law and the department shall notify the employer of the consequences of any further subsequent late reporting or late remittance.

(3) A late report penalty may not be assessed under 15-1-216 if an employer files the late report prior to the issuance of a notice of delinquent report.

(4) A late payment penalty may be waived pursuant to 15-1-206 if an acceptable payment agreement is made between the department and the employer. An employer's failure to meet the terms of the payment agreement voids the waiver and the penalty must be recomputed from the due date on the unpaid tax.

(5) (a) A ~~subpoena~~ *summons* penalty of $50 must be assessed whenever, as the result of a refusal of an employer to furnish wage information or pay taxes on time, the department issues a ~~subpoena~~ *summons* pursuant to ~~15-1-302, to obtain wage information or make a summary or jeopardy assessment pursuant to 15-1-703~~ *15-1-301*.

(b) If an employer fails to honor the ~~subpoena~~ *summons* provided in subsection (5)(a), an additional $100 penalty must be added to the liability.

(6) In addition to any other penalty provided by law, the failure of an employer to furnish a wage and tax statement as required by 15-30-207(1) subjects the employer to a penalty of $5 for each failure with a minimum of $50.

(7) Penalties may be waived by the department upon a showing of good cause by the employer. The penalty may be collected in the same manner as are other tax debts including a tax lien.

(8) If any tax imposed by this chapter or any portion of the tax is not paid when due, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7. The priority date of the tax lien created by filing the warrant for distraint is the date the tax was due as indicated on the warrant for distraint.

(9) The tax lien provided for in subsection (8) is not valid against any third party owning an interest in the real or personal property whose interest is recorded prior to the filing of the warrant for distraint if the third party receives from the most recent grantor of the interest an affidavit stating that all taxes, assessments, penalties, and interest due from the grantor have been paid.

(10) A grantor who signs and delivers to the third party an affidavit as provided in subsection (9) is subject to the penalties imposed by 15-30-321(1) if any part of the affidavit is untrue. The department may bring an action as provided in 15-30-321(1) in the name of the state to recover the civil penalty and any delinquent taxes.

(11) All of the remedies available to the state for the administration, enforcement, and collection of income taxes are available and apply to the tax required to be deducted and withheld under the provisions of 15-30-201 through 15-30-208 unless otherwise specifically addressed in this part."

Section 2. Section 39-51-1206, MCA, is amended to read:

"39-51-1206. Department to provide for notification of employers of their classification and contribution rate. *(1)* The department shall by regulation provide for the proper notification of employers of the classification and rate of contribution applicable to their accounts. ~~Such~~ *Except as provided in subsection (2), the* notification ~~shall be~~ *is* final for all purposes unless and until ~~such~~ *the* employer files a written request with the department for a redetermination or hearing ~~thereon~~ *on the classification and rate of contribution* within 30 days after receipt of ~~such~~ *the* notice.

(2) The department may make changes in classification and rate of contribution upon an oral request for redetermination from the employer if the department finds that the department has made an error."

Section 3. Section 39-51-1301, MCA, is amended to read:

"39-51-1301. Penalty and interest on past-due reports and taxes. (1) Failure to file reports and payments in a timely manner, as required under 39-51-603, 39-51-1103, and 39-51-1125, may subject an employer to penalty and interest, as provided by ~~15-1-216~~ *15-30-209*.

(2) There is an account in the federal special revenue fund. Penalties and interest collected for unemployment insurance obligations are distributed as provided in 15-30-250 and must be deposited in that account. Money deposited in that account and appropriated to the department or transferred by the department to its delegate, pursuant to 39-51-301(5), may only be used by the department or its delegate to administer this chapter, including the detection and collection of unpaid taxes and overpayments of benefits to the extent that

federal grant revenue is less than amounts appropriated for this purpose. Money in the account not appropriated for these purposes must be transferred by the department to the unemployment insurance trust fund at the end of each fiscal year.

(3) All money accruing to the unemployment insurance trust fund from interest and penalties collected on past-due unemployment insurance taxes must be used solely for the payment of unemployment insurance benefits and may not be used for any other purpose."

[HB 166]

AN ACT CLARIFYING THAT A PLEA OF GUILTY OR NOLO CONTENDERE MUST BE ACCEPTED UNDER CERTAIN CIRCUMSTANCES; AMENDING SECTION 46-16-105, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, in State v. Peplow, 2001 MT 253, 307 Mont. 172, 36 P.3d 922 (2001), the Montana Supreme Court held that in section 46-16-105, MCA, when the term "may" is used to confer power on an officer, court, or tribunal and the public or a third person has an interest in the exercise of the power, then the exercise of the power becomes imperative.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-16-105, MCA, is amended to read:

"46-16-105. Plea of guilty — use of two-way electronic audio-video communication. (1) Before or during trial, a plea of guilty or nolo contendere ~~may~~ *must* be accepted when:

(a) subject to the provisions of subsection (3), the defendant enters a plea of guilty or nolo contendere in open court; and

(b) the court has informed the defendant of the consequences of the plea and of the maximum penalty provided by law that may be imposed upon acceptance of the plea.

(2) At any time before or after judgment, the court may, for good cause shown, permit the plea of guilty or nolo contendere to be withdrawn and a plea of not guilty substituted.

(3) For purposes of this section, in cases in which the defendant is charged with a misdemeanor offense, an entry of a plea of guilty or nolo contendere through the use of two-way electronic audio-video communication, allowing all of the participants to be observed and heard in the courtroom by all present, is considered to be an entry of a plea of guilty or nolo contendere in open court. Audio-video communication may be used if neither party objects and the court agrees to its use. The audio-video communication must operate as provided in 46-12-201."

[HB 325]

AN ACT INCREASING THE MAXIMUM INSURANCE COVERAGE FOR STATE BOARD OF HAIL INSURANCE POLICIES; AMENDING SECTIONS 80-2-208 AND 80-2-244, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 80-2-208, MCA, is amended to read:

"80-2-208. Maximum insurance. When the reserve fund is determined actuarially sound, as provided in 80-2-228, the board may write not more than ~~$24~~ *$40* insurance on each acre of grain ~~which~~ *that* is on nonirrigated land and not more than ~~$48~~ *$56* ~~per~~ *on each* acre on irrigated land. When more than one party desires hail insurance on the same crop, each party is entitled to the share of the maximum provided ~~per~~ *on each* acre as represented by ~~his~~ *that person's* interest in the crop. Either party may insure ~~his~~ *the party's* share in the crop for any amount up to and including the maximum ~~per~~ *on each* acre if the others waive their right to insure."

Section 2. Section 80-2-244, MCA, is amended to read:

"80-2-244. Payment of losses. (1) The board of hail insurance shall, as soon as practicable after the loss has been sustained, arrange for the payment of the loss in the following manner. From the amount of the loss as adjusted for each claimant, the board shall deduct the amount that the claimant then owes as a delinquent hail insurance fee and the maximum amount assessed as a hail insurance fee for the current year.

(2) The board shall on or before November 1 order payment for the amount deducted. The payment must be remitted to the county treasurer of the county in which the fee was imposed. The board shall then order payment for the balance of the adjustment to be sent to the claimant, provided that the payment for loss may not exceed ~~$24 per acre for grain crops on nonirrigated lands or $48 per acre on irrigated lands~~ *the maximum amounts established in 80-2-208*. A claimant may not receive payment for any loss incurred if the loss does not equal or exceed 5% of the total value of the crop insured. If the losses in any year exceed the current fees plus the reserve, then the payment of all losses must be prorated among all grain growers having loss claims adjusted and approved, and the unpaid balance of the losses must be paid out of the reserve without interest in the order that the board directs, when in the judgment of the board there is sufficient money to provide for the payment of the claims and other items payable out of the reserve. In any year the board may by resolution authorize its presiding officer and secretary to borrow money that the board may consider necessary for the purpose of paying all warrants as issued.

(3) For any money borrowed under the provisions of this part, the board shall cause warrants to be drawn. The warrants must bear interest at a rate not to exceed 6% a year, and the warrants and the interest on the warrants must be paid out of funds from the state hail insurance program as they are collected from the various counties in the state. The board may not at any time borrow a total sum greater than the amount of the fees imposed for the current year together with delinquent fees that remain unpaid on the books of the county treasurer."

(3) The permit program administered by the department pursuant to this section must include the following:

(4) This section does not restrict the board's authority to adopt regulations providing for a single air quality permit system.

(5) Department approval of an application to transfer a portable emission source from one location to another is exempt from the provisions of 75-1-201(1).

(6) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

(7) The department shall require that applications for permits be accompanied by any plans, specifications, and other information that it considers necessary.

(8) An application is not considered filed until the applicant has submitted all fees required under 75-2-220 and all information and completed application forms required pursuant to subsections (2), (3), and (7) of this section. If the department fails to notify the applicant in writing within 30 days after the purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(9) (a) Except as provided in 75-1-208(4)(b), if an application for a permit requires the preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, parts 1 through 3, the department shall notify the applicant in writing of the approval or denial of the application within:

(i) 180 days after the department's receipt of a filed application, as provided in subsection (8), if the department prepares the environmental impact statement;

(ii) 30 days after issuance of the final environmental impact statement by the lead agency if a state agency other than the department has been designated by the governor as lead agency for preparation of the environmental impact statement; or

(iii) if the application is for a machine, equipment, a device, or a facility at an operation that requires a permit under Title 82, chapter 4, part 1, 2, or 3, 30 days of issuance of the final environmental impact statement in accordance with time requirements of Title 82, chapter 4, part 1, 2, or 3.

(b) If an application does not require the preparation of an environmental impact statement, *is not subject to the provisions of 75-2-215, and is not subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661,* the department shall notify the applicant in writing within 60 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application. ~~The time for notification may be extended for 30 days by written agreement of the department and the applicant. Additional 30-day extensions may be granted by the department on request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.~~

(c) If an application does not require the preparation of an environmental impact statement and is subject to the federal air permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application.

Additional 30-day extensions may be granted by the department upon the request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.

~~(d)~~*(g)* Failure by the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(10) When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request a hearing before the board. The request for hearing must be filed within 15 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(11) The department's decision on the application is not final unless 15 days have elapsed from the date of the decision and there is no request for a hearing under this section. The filing of a request for a hearing postpones the effective

date of the department's decision until the conclusion of the hearing and issuance of a final decision by the board.

(12) (a) Except as provided in subsections (12)(b) and (12)(c), an applicant who has received a written notice that its application is considered filed pursuant to subsection (8) may:

(ii) for a temporary power generation unit or units with a total electrical generating capacity of 10 megawatts or less, construct and operate the unit or units.

(b) The construction or operation of a temporary power generation unit or units described in subsection (12)(a) is not in violation of this part unless the operation of the temporary power generation unit or units continues after a department decision to deny the permit application becomes final as provided in this section.

(c) (i) A permit applicant shall discontinue construction or operation of a temporary power generation unit or units if the applicant is notified by the department in writing that the applicant has failed to submit by the department's deadline any additional information that is necessary to process the permit application.

(ii) The operation of a permit applicant's temporary power generation unit or units described in subsection (12)(a) may not violate ambient air quality standards.

(d) A permit issued under this part and pursuant to the provisions of this subsection (12) must expire no later than 2 years from the date that the department received the permit application and must require removal of the temporary power generation unit or units upon expiration of the permit unless an air quality permit for permanent operation has been issued.

(13) The board shall provide, by rule, a period of 30 days in which the public may submit comments on draft air quality permits for applications that:

(a) are subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661;

(b) are subject to the requirements of 75-2-215; or

(c) require the preparation of an environmental impact statement. (Terminates July 1, 2005—sec. 4, Ch. 588, L. 2001.)

75-2-211. (Effective July 1, 2005) Permits for construction, installation, alteration, or use. (1) The board shall by rule provide for the issuance, modification, suspension, revocation, and renewal of a permit issued under this part.

(3) The permit program administered by the department pursuant to this section must include the following:

(a) requirements and procedures for permit applications, including standard application forms;

(b) requirements and procedures for submittal of information necessary to determine the location, quantity, and type of emissions;

(c) procedures for public notice and opportunity for comment or public hearing, as appropriate;

(d) procedures for providing notice and an opportunity for comment to contiguous states and federal agencies, as appropriate;

(e) requirements for inspection, monitoring, recordkeeping, and reporting;

(f) procedures for the transfer of permits;

(g) requirements and procedures for suspension, modification, and revocation of permits by the department;

(h) requirements and procedures for appropriate emission limitations and other requirements, including enforceable measures necessary to ensure compliance with those limitations and requirements;

(i) requirements and procedures for permit modification and amendment; and

(j) requirements and procedures for issuing a single permit authorizing emissions from similar operations at multiple temporary locations, which permit may include conditions necessary to ensure compliance with the requirements of this chapter at all authorized locations and a requirement that the owner or operator notify the department in advance of each change in location.

(4) This section does not restrict the board's authority to adopt regulations providing for a single air quality permit system.

(5) Department approval of an application to transfer a portable emission source from one location to another is exempt from the provisions of 75-1-201(1).

(6) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

(7) The department shall require that applications for permits be accompanied by any plans, specifications, and other information that it considers necessary.

(8) An application is not considered filed until the applicant has submitted all fees required under 75-2-220 and all information and completed application forms required pursuant to subsections (2), (3), and (7) of this section. If the department fails to notify the applicant in writing within 30 days after the purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(9) (a) Except as provided in 75-1-208(4)(b), if an application for a permit requires the preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, parts 1 through 3, the department shall notify the applicant in writing of the approval or denial of the application within:

(i) 180 days after the department's receipt of a filed application, as provided in subsection (8), if the department prepares the environmental impact statement;

(ii) 30 days after issuance of the final environmental impact statement by the lead agency if a state agency other than the department has been designated by the governor as lead agency for preparation of the environmental impact statement; or

(iii) if the application is for a machine, equipment, a device, or a facility at an operation that requires a permit under Title 82, chapter 4, part 1, 2, or 3, 30 days of issuance of the final environmental impact statement in accordance with time requirements of Title 82, chapter 4, part 1, 2, or 3.

(b) If an application does not require the preparation of an environmental impact statement, *is not subject to the provisions of 75-2-215, and is not subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661,* the department shall notify the applicant in writing within 60 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application. ~~The time for notification may be extended for 30 days by written agreement of the department and the applicant. Additional 30-day extensions may be granted by the department on request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.~~

(c) If an application does not require the preparation of an environmental impact statement and is subject to the federal air permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application.

(d) Except as provided in subsection (9)(e), if an application does not require the preparation of an environmental impact statement and is subject to the provisions of 75-2-215, the department shall notify the applicant of its approval or denial of the application, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8).

~~(c)~~*(e)* If an application for a permit is for the construction, installation, alteration, or use of a source that is also required to obtain a license pursuant to 75-10-221 or a permit pursuant to 75-10-406, the department shall *prepare a single environmental review document pursuant to Title 75, chapter 1, for the permit required under this section and the license or permit required under 75-10-221 or 75-10-406 and* act on the ~~permit application~~ *applications* within the time period provided for in 75-2-215(3)(e).

(f) The time for notification may be extended for 30 days by written agreement of the department and the applicant. Additional 30-day extensions may be granted by the department upon the request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.

~~(d)~~*(g)* Failure by the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(10) When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request a hearing before the board. The request for

hearing must be filed within 15 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(11) The department's decision on the application is not final unless 15 days have elapsed from the date of the decision and there is no request for a hearing under this section. The filing of a request for a hearing postpones the effective date of the department's decision until the conclusion of the hearing and issuance of a final decision by the board.

(12) The board shall provide, by rule, a period of 30 days in which the public may submit comments on draft air quality permits for applications that:

(a) are subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661;

A bank may not purchase or invest its capital or surplus or money of its depositors, or any part of either, in shares of its own capital stock or loan its capital or surplus or the money of its depositors, or any part of either, on shares of its own capital stock unless the purchase or loan is necessary to prevent loss to the bank on debts previously contracted in good faith. However, a bank may redeem or otherwise purchase its own capital stock with the prior approval of the department and subject to any conditions that the department may require. ~~A person or corporation violating any provision of this section shall forfeit to the state twice the nominal amount of the capital stock.~~"

"32-1-402. When advertising as bank prohibited — trade names restricted. (1) Except as provided in subsection (4), a person, firm, company, partnership, or corporation, either domestic or foreign, that is not subject to the supervision of the department and not required by the provisions of this chapter to report to it and that has not received a certificate to do a banking business from the department~~,~~ may not:

(a) advertise that the person or entity is receiving or accepting money or savings for deposit, investment, or otherwise and issuing notices or certificates of deposit; or

(b) The department may grant a waiver to allow the use of a restricted word listed in subsection (4)(a) to a nonprofit organization if:

"15-7-102. Notice of classification and appraisal to owners — appeals. (1) (a) Except as provided in 15-7-138, the department shall mail to each owner or purchaser under contract for deed a notice of the classification of the land owned or being purchased and the appraisal of the improvements on

the land only if one or more of the following changes pertaining to the land or improvements have been made since the last notice:

(i) change in ownership;

(ii) change in classification;

(iii) except as provided in subsection (1)(b), change in valuation; or

(iv) addition or subtraction of personal property affixed to the land.

(b) After the first year, the department is not required to mail the notice provided for in subsection (1)(a)(iii) if the change in valuation is the result of an annual incremental change in valuation caused by the phasing in of a reappraisal under 15-7-111 or the application of the ~~exemption~~ *exemptions* under 15-6-201*(1)(z) and (1)(aa)* or caused by an incremental change in the tax rate.

(c) The notice must include the following for the taxpayer's informational purposes:

(i) the total amount of mills levied against the property in the prior year; and

(ii) a statement that the notice is not a tax bill.

(d) Any misinformation provided in the information required by subsection (1)(c) does not affect the validity of the notice and may not be used as a basis for a challenge of the legality of the notice.

(2) (a) Except as provided in subsection (2)(c), the department shall assign each assessment to the correct owner or purchaser under contract for deed and mail the notice of classification and appraisal on a standardized form, adopted by the department, containing sufficient information in a comprehensible manner designed to fully inform the taxpayer as to the classification and appraisal of the property and of changes over the prior tax year.

(b) The notice must advise the taxpayer that in order to be eligible for a refund of taxes from an appeal of the classification or appraisal, the taxpayer is required to pay the taxes under protest as provided in 15-1-402.

(c) The department is not required to mail the notice of classification and appraisal to a new owner or purchaser under contract for deed unless the department has received the transfer certificate from the clerk and recorder as provided in 15-7-304 and has processed the certificate before the notices required by subsection (2)(a) are mailed. The department shall notify the county tax appeal board of the date of the mailing.

(3) If the owner of any land and improvements is dissatisfied with the appraisal as it reflects the market value of the property as determined by the department or with the classification of the land or improvements, the owner may request an assessment review by submitting an objection in writing to the department, on forms provided by the department for that purpose, within 30 days after receiving the notice of classification and appraisal from the department. The review must be conducted informally and is not subject to the contested case procedures of the Montana Administrative Procedure Act. As a part of the review, the department may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer in support of the taxpayer's opinion as to the market value of the property. The department shall give reasonable notice to the taxpayer of the time and place of the review. After the review, the department shall determine the correct appraisal and classification of the land

or improvements and notify the taxpayer of its determination. In the notification, the department shall state its reasons for revising the classification or appraisal. When the proper appraisal and classification have been determined, the land must be classified and the improvements appraised in the manner ordered by the department.

(4) Whether a review as provided in subsection (3) is held or not, the department may not adjust an appraisal or classification upon the taxpayer's objection unless:

(a) the taxpayer has submitted an objection in writing; and

(b) the department has stated its reason in writing for making the adjustment.

(5) A taxpayer's written objection to a classification or appraisal and the department's notification to the taxpayer of its determination and the reason for that determination are public records. The department shall make the records available for inspection during regular office hours.

(6) If any property owner feels aggrieved by the classification or appraisal made by the department after the review provided for in subsection (3), the property owner has the right to first appeal to the county tax appeal board and then to the state tax appeal board, whose findings are final subject to the right of review in the courts. The appeal to the county tax appeal board must be filed within 30 days after notice of the department's determination is mailed to the taxpayer. A county tax appeal board or the state tax appeal board may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer as evidence of the market value of the property. If the county tax appeal board or the state tax appeal board determines that an adjustment should be made, the department shall adjust the base value of the property in accordance with the board's order."

(o) deposits, not exceeding the amount set forth in 15-30-603, deposited in a Montana farm and ranch risk management account, as provided in 15-30-601 through 15-30-605, in any tax year for which a deduction is not provided for federal income tax purposes; and

(p) income of a dependent child that is included in the taxpayer's federal adjusted gross income pursuant to the Internal Revenue Code. The child is required to file a Montana personal income tax return if the child and taxpayer meet the filing requirements in 15-30-142.

(3) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in the shareholder's adjusted gross income the earnings and profits of the DISC in the same manner as provided by section 995 of the Internal Revenue Code, 26 U.S.C. 995, for all periods for which the DISC election is effective.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code ~~of 1954~~, *26 U.S.C. 38 and 51(a),* ~~as those sections may be labeled or amended,~~ is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base

used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion ~~and before application of the two-earner married couple deduction~~ exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(7) Married taxpayers who file a joint federal return and who make an election on the federal return to defer income ratably for 4 tax years because of a conversion from an IRA other than a Roth IRA to a Roth IRA, pursuant to section 408A(d)(3) of the Internal Revenue Code, 26 U.S.C. 408A(d)(3), may file separate Montana income tax returns to defer the full taxable conversion amount from Montana adjusted gross income for the same time period. The deferred amount must be attributed to the taxpayer making the conversion.

(8) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income. (Subsection (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency—sec. 9, Ch. 262, L. 2001.)

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. (6) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion ~~and before application of the two-earner married couple deduction~~ exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. (8) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income. Section 39. Section 15-72-102, MCA, is amended to read:

"15-72-102. Legislative findings and declaration of purpose. (1) The legislature finds that the restructuring of the electric utility industry in Montana implemented by Chapter 505, Laws of 1997, including the unbundling of services and the provision that allows Montana customers to choose their supplier of electricity and related services in a competitive market, renders the existing method of property taxation of the electric utility industry an impediment to competition.

(2) The legislature further finds that the restructuring of the electric utility industry necessitates changes to the existing system of property taxation that include reducing the tax rate applied to electrical generation facilities and imposing a replacement tax in order to:

(a) avoid placing a supplier engaged in the business of generating, supplying, or selling electricity at a competitive advantage or disadvantage;

(b) preserve the revenue base of the existing property tax system for taxing jurisdictions in the state;

(c) minimize the shift in tax burden and the imposition of a higher tax burden on consumers of electricity; and

(d) minimize additional administrative costs and the burden of compliance.

(3) The legislature further finds that a reduction in the property tax rates applied to electrical generation facilities must be replaced by a wholesale energy ~~transmission~~ *transaction* tax imposed on each kilowatt hour of electricity transmitted in the state.

(4) The legislature further finds that existing property tax rates applied to electrical transmission and distribution systems are appropriate for a regulated function.

(5) The legislature therefore declares that there is a compelling public need to modify the existing system of property taxation of electrical generation facilities and to impose a wholesale energy transaction tax on kilowatt hours of electricity transmitted in the state to ensure competitive neutrality and to provide replacement revenue to taxing jurisdictions in the state."

Section 40. Section 16-11-101, MCA, is amended to read:

"16-11-101. Legislative intent. The legislature hereby declares that its intent in enacting 16-11-111 is to enable those who are subject to the taxes imposed by the federal tax laws to avail themselves of the deductions respecting state and local taxes specified in section 164 of the ~~federal~~ Internal Revenue Code, ~~of 1954~~ *26 U.S.C. 164, as amended*, in computing their taxable income."

Section 41. Section 17-4-106, MCA, is amended to read:

"17-4-106. Agency owed debt to receive all money collected — ~~exception~~. (1) All money collected by the department on debts transferred to the department by the various agencies, except funds collected under 17-4-103(3), must be deposited to the account or fund of the agency to which the debt was originally owed. A county shall apply a delinquent personal property tax collection by the department to the payment of the taxpayer's most delinquent personal property taxes or portion of the taxes.

(2) The case registry must include a database of information concerning child support orders, all cases receiving IV-D services, and all district court and administrative cases with support orders entered or modified after October 1, 1998.

(3) The case registry must use automated systems to obtain information from federal, state, and local databases with regard to the location of obligors and their income and assets. This information must be shared with the courts of this state and, upon request, may be shared with child support enforcement agencies of this and other states for the purpose of establishing paternity and establishing and enforcing child support obligations.

Information in the lien registry may be made available through automated systems, which may include voice response units.

(5) Each IV-D case with a child support order must be electronically monitored so that when a timely payment of support is not made, enforcement action may be taken. To accomplish this purpose, payments due under a child support order must be paid to the department for processing and disbursement.

(6) In either a IV-D income-withholding case in this state or a state non IV-D case, if immediate income withholding is authorized after January 1, 1994, an

[(8) An employer or labor organization shall report a newly hired or rehired employee. (2) A support order entered or modified in this state after October 1, 1998, that excludes the obligor from paying support through income withholding must provide that:

(a) if the case is or later becomes a IV-D case or if support becomes payable through IV-D or non IV-D income withholding, support payments must be paid through the department; and

(b) a payment that is not made to the department does not constitute payment of support or credit toward satisfaction of the support obligation unless the payment is verified by the department to its satisfaction.

(3) (a) If a support order does not include the provisions required by subsection (2) or directs payment of support to a payee other than the department, the department may give written notice to the obligor and obligee directing or redirecting payments to the department. After receipt of the notice, payment other than as directed does not constitute payment of support or credit toward satisfaction of the support obligation.

(b) An obligor who redirects payments to the department is not liable to the obligee or answerable to the court for not making payments as directed by the court.

(c) While support is required to be paid through the department, the notice directing or redirecting payments to the department may not be superseded by any subsequent order of a court or agency directing the obligor to make payments other than to the department.

(4) After the obligor has been ordered or directed to make payments to the department under this section, the obligor shall make the payments to the department and is not entitled to credit against a support obligation for payment made to a person or agency other than the department.

(5) (a) When the obligor is paying support through IV-D or non IV-D income withholding, the income-withholding order must direct the payor to make the payments through the department.

(b) If a payor is directed by the income-withholding order to make payments to a payee other than the department, the department may redirect the payments to the department by written order to the employer or payor. The order supersedes any prior, inconsistent court or agency order.

(c) For as long as income withholding is appropriate to the case, the directive to the payor to make payments to the department may not be superseded by any subsequent order of a court or agency directing payments to any other payee.

(6) (a) An employer who receives an income-withholding order issued in another state, as defined in 40-5-103, may contact the department to determine whether the withholding order was issued by the appropriate authority.

(9) (a) If, through a private collection action, an obligee obtains a payment of support that must be processed and distributed through the case ~~management~~ *registry* and payment processing unit, the obligee shall forward the payment to the department within 5 working days of the receipt of the payment.

(b) If the department takes an enforcement action against the obligor because the obligee failed to timely forward a payment of support under subsection (9)(a), the obligee is liable in a civil action to the obligor for the amount that should have been forwarded to the department.

(10) (a) Payments made to the department under this section must be by cash, personal or business check, money order, automatic bank account withdrawal, certified funds, electronic funds transfer services, or any other means acceptable to the department.

(b) Payments may not be credited to the obligor's child support obligation until actually received by the department.

(c) The withholding of income by a payor or employer under an order to withhold issued under Title 40, chapter 5, part 3 or 4, is not alone sufficient for credit against an obligor's support obligation. Payments withheld from an obligor's income that are not actually received by the department may not be credited to the obligor's child support obligation. The payor or employer is liable to the obligor in a civil action initiated by the obligor for the amount withheld but not paid to the department.

(d) A check presented to the department as payment, whether by the obligor, the obligor's employer, or another payor on the obligor's behalf, that is dishonored by the issuing bank may not be credited to the obligor's child support obligation.

(e) A payment made out to or delivered to any other person or agency other than to the department may not be credited to the obligor's support obligation.

(11) An uncredited payment under this section is considered as still owed by the obligor and may be collected using any remedy available under law."

A copy of the security agreement is sufficient as a lien notice if it contains the name and address of the debtor and the secured party, the complete vehicle description, amount of lien, and is signed by the debtor. The department shall file voluntary security interests and liens by entering the name and address of the secured party upon the face of the certificate of ownership. Involuntary liens must be filed against the record of the vehicle encumbered. The department shall mail a statement certifying to the filing of a security interest or lien to the secured party. The department shall mail the certificate of ownership to the owner at the address given on the certificate; however, if the transfer of ownership and filing of the security interest are paid for by a creditor or secured party, the department shall return the certificate of ownership to the county treasurer where the vehicle is to be registered. The owner of a motor vehicle is the person entitled to operate and possess the motor vehicle.

(2) A security interest in a motor vehicle held as inventory by a dealer licensed under chapter 4 of this title must be perfected in accordance with Title 30, chapter 9A.

(3) Whenever a security interest or lien is filed against a motor vehicle that is subject to two security interests previously perfected under this section, the department shall endorse on the face of the certificate of ownership, "NOTICE. This motor vehicle is subject to additional security interests on file with the Department of Justice." Other information regarding the additional security interests need not be endorsed on the certificate.

(4) Satisfactions or statements of release filed with the department under this chapter must be retained by it for a period of 8 years after receipt, after which they may be destroyed.

(5) Except as provided in subsection (6), a voluntary security interest or lien is perfected on the date the lien notice and the certificate of ownership or manufacturer's statement of origin are delivered to the county treasurer. On that date, the county treasurer shall issue to the secured party a receipt evidencing the perfection. Perfection under this section constitutes constructive notice to subsequent purchasers or encumbrancers, from the date of delivery of the lien notice to the county treasurer, of the existence of the security interest.

(6) Voluntary security interests or lien filings that do not require transfer of ownership are perfected on the date the lien notice and the certificate of ownership or manufacturer's statement of origin are received by the department. On that date, the department shall issue to the secured party a receipt evidencing the perfection. Perfection under this subsection constitutes constructive notice to subsequent purchasers or encumbrancers, from the date the lien notice is delivered to the department, of the existence of the security interest.

(7) Upon default under a chattel mortgage or conditional sales contract covering a motor vehicle, the mortgagee or vendor has the same remedies as in the case of other personal property. In case of attachment of motor vehicles all the provisions of 27-18-413, 27-18-414, and 27-18-804 are applicable except that deposits must be made with the department.

(8) A conditional sales vendor or chattel mortgagee or assignee who fails to file a satisfaction of a chattel mortgage, assignment, or conditional sales

contract within 15 days after receiving final payment is required to pay the department the sum of $1 for each day that the person fails to file ~~such~~ *the* satisfaction.

(9) Upon receipt of notice of any involuntary liens or attachments against the record of any motor vehicle registered in this state, the department shall within 24 hours mail to the owner, conditional sale vendor, mortgagees, or assignees of any owner, conditional sale vendor, or mortgagees a notice showing the name and address of the lien claimant, amount of the lien, date of execution of lien, and in the case of attachment the full title of the court and the action and the name of the attorneys for the plaintiff and attaching creditor.

(10) It is not necessary to refile with the department any instruments on file in the offices of the county clerk and recorders at the time this law takes effect.

(11) A fee of $4 must be paid to the department to file any security interest or other lien against a motor vehicle. The $4 fee must include and cover the cost of filing a satisfaction or release of the security interest and also the cost of entering the satisfaction or release on the records of the department and deleting the endorsement of the security interest from the face of the certificate of ownership. A fee of $4 must be paid to the department for issuing a certified copy of a certificate of ownership subject to a security interest or other lien on file in the office of the department or for filing an assignment of any security interest or other lien on file with the department. All fees provided for in this section must be paid to the county treasurer for deposit in the state general fund in accordance with 15-1-504."

The fee must be apportioned on the ratio of total miles traveled to in-state miles traveled as prescribed by 61-3-721. The fee in lieu of tax or registration fee on interstate motor vehicle fleets is imposed upon application for proportional registration and must be paid by the persons who own or claim the fleet or in whose possession or control the fleet is at the time of the application.

(b) With respect to an original application for a fleet that has a situs in Montana for the purpose of the fee in lieu of tax or registration fee under this part or any other provision of the laws of Montana, the fee in lieu of tax or registration fee on fleet vehicles must be prorated according to the ratio that the remaining number of months in the year bears to the total number of months in the year.

(c) Vehicles subject to the light vehicle registration fee as part of a fleet under this subsection (1) are not subject to the local option *vehicle* tax or flat fee imposed under 61-3-537 or 61-3-570.

(2) With respect to a renewal application for a fleet, the fee in lieu of tax and the light vehicle registration fee are imposed for a full year. The department of transportation shall prorate the new fee in lieu of tax in 61-3-529 for motor vehicles that are proportionally registered, as provided in 61-3-721, and whose annual registration period does not coincide with the calendar year.

(3) Vehicles contained in a fleet for which current fees have been assessed and paid may not be assessed or charged fees under this section upon presentation to the department of proof of payment of fees for the current registration year. The payment of fleet vehicle fees in lieu of tax, light vehicle registration fees, and license fees is a condition precedent to proportional registration or reregistration of an interstate motor vehicle fleet.

(4) All fees collected on motor vehicle fleets under this chapter must be deposited and distributed as provided in 61-3-738."

CHAPTER NO. 115

[SB 31]

AN ACT CLARIFYING THAT THE STATUTORY MILL LEVY LIMIT DOES NOT APPLY TO ANY LOCAL GOVERNMENT JUDGMENT LEVY; AND AMENDING SECTION 15-10-420, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-10-420, MCA, is amended to read:

"15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year's value of newly taxable property, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) For purposes of this section, newly taxable property includes:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property; and

(e) transfer of property from tax-exempt to taxable status.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

(i) a change in the boundary of a tax increment financing district;

(ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

(iii) the termination of a tax increment financing district.

(b) For the purpose of subsection (3)(d), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property or as nonagricultural land as described in 15-6-133(1)(c).

(c) For the purposes of this section, newly taxable property does not include an increase in appraised value of land that was previously valued at 75% of the value of improvements on the land, as provided in 15-7-111(4) and (5), as those subsections applied on December 31, 2001.

(5) Subject to subsection (8), subsection (1)(a) does not apply to:

(a) school district levies established in Title 20; or

(b) the portion of a governmental entity's property tax levy for premium contributions for group benefits excluded under 2-9-212 or 2-18-703.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity may increase the number of mills to account for a decrease in reimbursements.

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, and 20-25-439. However, the number of mills calculated by the

department may not exceed the mill levy limits established in those sections. The mill calculation must be established in whole mills. If the mill levy calculation does not result in a whole number of mills, then the calculation must be rounded up to the nearest whole mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316, *7-6-4015,* or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402; or

(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

CHAPTER NO. 121

[HB 212]

AN ACT ELIMINATING THE REQUIREMENT THAT AN AWARD OF PUNITIVE DAMAGES MUST BE UNANIMOUS AS TO LIABILITY AND AMOUNT; AMENDING SECTION 27-1-221, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, in Finstad v. W.R. Grace & Co., 2000 MT 228, 301 Mont. 240, 8 P.3d 778 (2000), the Montana Supreme Court held that the portion of section 27-1-221(6), MCA, which requires that an award of punitive damages must be unanimous as to liability and amount, violates Article II, section 26, of the Montana Constitution, guaranteeing a verdict by a two-thirds majority in all civil cases.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 27-1-221, MCA, is amended to read:

"27-1-221. Punitive damages — liability — proof — award. (1) Subject to the provisions of 27-1-220 and this section, reasonable punitive damages may be awarded when the defendant has been found guilty of actual fraud or actual malice.

(2) A defendant is guilty of actual malice if the defendant has knowledge of facts or intentionally disregards facts that create a high probability of injury to the plaintiff and:

(a) deliberately proceeds to act in conscious or intentional disregard of the high probability of injury to the plaintiff; or

(b) deliberately proceeds to act with indifference to the high probability of injury to the plaintiff.

(3) A defendant is guilty of actual fraud if the defendant:

(a) makes a representation with knowledge of its falsity; or

(b) conceals a material fact with the purpose of depriving the plaintiff of property or legal rights or otherwise causing injury.

(4) Actual fraud exists only when the plaintiff has a right to rely upon the representation of the defendant and suffers injury as a result of that reliance. The contract definitions of fraud expressed in Title 28, chapter 2, do not apply to proof of actual fraud under this section.

(5) All elements of the claim for punitive damages must be proved by clear and convincing evidence. Clear and convincing evidence means evidence in which there is no serious or substantial doubt about the correctness of the conclusions drawn from the evidence. It is more than a preponderance of evidence but less than beyond a reasonable doubt.

(6) Liability for punitive damages must be determined by the trier of fact, whether judge or jury. ~~An award of punitive damages must be unanimous as to liability and amount.~~

(7) (a) Evidence regarding a defendant's financial affairs, financial condition, and net worth is not admissible in a trial to determine whether a defendant is liable for punitive damages. When the jury returns a verdict finding a defendant liable for punitive damages, the amount of punitive damages must then be determined by the jury in an immediate, separate

proceeding and be submitted to the judge for review as provided in subsection (7)(c). In the separate proceeding to determine the amount of punitive damages to be awarded, the defendant's financial affairs, financial condition, and net worth must be considered.

(b) When an award of punitive damages is made by the judge, the judge shall clearly state the reasons for making the award in findings of fact and conclusions of law, demonstrating consideration of each of the following matters:

(i) the nature and reprehensibility of the defendant's wrongdoing;

(ii) the extent of the defendant's wrongdoing;

(iii) the intent of the defendant in committing the wrong;

(iv) the profitability of the defendant's wrongdoing, if applicable;

(v) the amount of actual damages awarded by the jury;

(vi) the defendant's net worth;

(vii) previous awards of punitive or exemplary damages against the defendant based upon the same wrongful act;

(viii) potential or prior criminal sanctions against the defendant based upon the same wrongful act; and

(ix) any other circumstances that may operate to increase or reduce, without wholly defeating, punitive damages.

(c) The judge shall review a jury award of punitive damages, giving consideration to each of the matters listed in subsection (7)(b). If after review the judge determines that the jury award of punitive damages should be increased or decreased, the judge may do so. The judge shall clearly state the reasons for increasing, decreasing, or not increasing or decreasing the punitive damages award of the jury in findings of fact and conclusions of law, demonstrating consideration of each of the factors listed in subsection (7)(b).

(8) This section is not intended to alter the Montana Rules of Civil Procedure governing discovery of a defendant's financial affairs, financial condition, and net worth."

(2) A temporary change in appropriation right may be approved for a period not to exceed 10 years. A temporary change in appropriation right may be approved for consecutive or intermittent use.

(3) An authorization for a temporary change in appropriation right may be renewed by the department for a period not to exceed 10 years. Renewal of an authorization for a temporary change in appropriation right requires application to the department by the appropriator. Upon application, the department shall notify other appropriators potentially affected by the renewal and shall allow 30 days for submission of new evidence of adverse effects to other water rights. A temporary change authorization may not be renewed by the department if it determines that the right of an appropriator, other than an appropriator described in subsection (7), is adversely affected.

(4) (a) During the term of the original temporary change authorization, the department may modify or revoke its authorization for a temporary change if it determines that the right of an appropriator, other than an appropriator described in subsection (7), is adversely affected.

(b) An appropriator, other than an appropriator identified in subsection (7), may object:

(i) during the initial temporary change application process;

(ii) during the temporary change renewal process; and

(iii) once during the term of the temporary change permit.

(5) The priority of appropriation for a temporary change in appropriation right is the same as the priority of appropriation of the right that is temporarily changed.

(6) Neither a change in appropriation right nor any other authorization right is required for reversion of the appropriation right to the permanent purpose, place of use, point of diversion, or place of storage after the period for which a temporary change was authorized expires.

(7) A person issued a water use permit with a priority of appropriation after the date of filing of an application for a temporary change in appropriation right under this section may not object to the exercise of the temporary change according to its terms, the renewal of the authorization for the temporary change, or the reversion of the appropriation right to its permanent purpose, place of use, point of diversion, or place of storage. AN ACT ALLOWING AN AFFILIATED GROUP THAT FILES A CONSOLIDATED RETURN AN AUTOMATIC 6-MONTH EXTENSION OF TIME FOR FILING A RETURN; AMENDING SECTION 15-31-141, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-31-141, MCA, is amended to read:

"15-31-141. Consolidated returns — computation and procedure. (1) Corporations that are affiliated may not file a consolidated return unless at least 80% of all classes of stock of each corporation involved is owned directly or indirectly by one or more members of the affiliated group.

(2) Corporations may not file a consolidated return unless the operation of the affiliated group constitutes a unitary business and, except for a unitary business operation described in subsection (2)(b), permission to file a consolidated return is given by the department. For purposes of this section, a "unitary business operation" means one in which:

(a) the business operations conducted by the corporations in the affiliated group are interrelated or interdependent to the extent that the net income of one corporation cannot reasonably be determined without reference to the operations conducted by the other corporations; or

(b) all of the corporations in the affiliated group operate exclusively in Montana, are not multistate corporations, and have filed a consolidated federal return for the tax year.

(3) The election to file a consolidated return is binding as long as the affiliated group continues to file a federal consolidated return.

(4) If the conditions of subsections (1) and (2) are met, the department may require corporations to file a consolidated return when the department considers a consolidated return necessary.

(5) ~~Any~~ *A* corporation liable to report under this chapter and owning or controlling, either directly or indirectly, at least 80% of all classes of stock of each corporation involved may be required to make a consolidated report showing the combined net income, the assets of the corporation that are required for the purposes of this chapter, and any other information that the department may require, but excluding intercorporate stockholdings and intercorporate accounts. ~~Any~~ *A* corporation liable to report under this chapter and owned or controlled, either directly or indirectly, by another corporation may be required to make a report consolidated with the owning company, showing the combined net income, the assets of the corporation that are required for the purposes of this chapter, and any other information that the department may require, but excluding intercorporate stockholdings and intercorporate accounts. If it appears to the department that any arrangement exists in a manner that improperly reflects the business done, the segregable assets, or the entire net income earned from business done in this state, the department may equitably adjust the tax in a manner that it may determine.

(6) (a) ~~When~~ *If* an affiliated group elects to file a consolidated return under the provisions of this section, a corporation of the affiliated group shall file a separate return for any portion of its ~~taxable year~~ *tax period* in which its income is not included in the consolidated return of the group. The separate return must be filed no later than the 15th day of the 5th month following the close of the ~~taxable year~~ *tax period* for which a consolidated return of the affiliated group is filed.

(b) *(i)* ~~A 1-month to 6-month extension of time is automatically allowed for filing a return if on or before the due date of the return, an application for an extension is made by the corporation. The application must be made on forms prescribed by the department~~ *A corporation is allowed an automatic extension of*

time for filing its tax return of up to 6 months following the date prescribed for filing its return. The tax and interest must be paid when the return is filed. Interest must be added to the tax due as provided in 15-31-510(2).

(ii) The department may grant an additional extension of time for filing of a tax return whenever in its judgment good cause exists."

CHAPTER NO. 125

[SB 78]

AN ACT CLARIFYING WHEN A BOARD OF LAND COMMISSIONERS OR A DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION ACTION UNDER TITLE 77, MCA, BECOMES A FINAL AGENCY ACTION UNDER THE MONTANA ENVIRONMENTAL POLICY ACT; AMENDING SECTION 75-1-201, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-1-201, MCA, is amended to read:

"75-1-201. General directions — environmental impact statements. (1) The legislature authorizes and directs that, to the fullest extent possible:

(a) the policies, regulations, and laws of the state must be interpreted and administered in accordance with the policies set forth in parts 1 through 3;

(b) under this part, all agencies of the state, except the legislature and except as provided in subsection (2), shall:

(i) use a systematic, interdisciplinary approach that will ensure:

(A) the integrated use of the natural and social sciences and the environmental design arts in planning and in decisionmaking that may have an impact on the human environment; and

(B) that in any environmental review that is not subject to subsection (1)(b)(iv), when an agency considers alternatives, the alternative analysis will be in compliance with the provisions of subsections (1)(b)(iv)(C)(I) through (1)(b)(iv)(C)(III) and, if requested by the project sponsor or if determined by the agency to be necessary, subsection (1)(b)(iv)(C)(IV);

(ii) identify and develop methods and procedures that will ensure that presently unquantified environmental amenities and values may be given appropriate consideration in decisionmaking, along with economic and technical considerations;

(iii) identify and develop methods and procedures that will ensure that state government actions that may impact the human environment are evaluated for regulatory restrictions on private property, as provided in subsection (1)(b)(iv)(D);

(iv) include in each recommendation or report on proposals for projects, programs, and other major actions of state government significantly affecting the quality of the human environment a detailed statement on:

(A) the environmental impact of the proposed action;

(B) any adverse environmental effects that cannot be avoided if the proposal is implemented;

(C) alternatives to the proposed action. An analysis of any alternative included in the environmental review must comply with the following criteria:

(I) any alternative proposed must be reasonable, in that the alternative must be achievable under current technology and the alternative must be economically feasible as determined solely by the economic viability for similar projects having similar conditions and physical locations and determined without regard to the economic strength of the specific project sponsor;

(II) the agency proposing the alternative shall consult with the project sponsor regarding any proposed alternative, and the agency shall give due weight and consideration to the project sponsor's comments regarding the proposed alternative;

(III) if the project sponsor believes that an alternative is not reasonable as provided in subsection (1)(b)(iv)(C)(I), the project sponsor may request a review by the appropriate board, if any, of the agency's determination regarding the reasonableness of the alternative. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. The agency may not charge the project sponsor for any of its activities associated with any review under this section. The period of time between the request for a review and completion of a review under this subsection may not be included for the purposes of determining compliance with the time limits established for environmental review in 75-1-208.

(IV) the agency shall complete a meaningful no-action alternative analysis. The no-action alternative analysis must include the projected beneficial and adverse environmental, social, and economic impact of the project's noncompletion.

(D) any regulatory impacts on private property rights, including whether alternatives that reduce, minimize, or eliminate the regulation of private property rights have been analyzed. The analysis in this subsection (1)(b)(iv)(D) need not be prepared if the proposed action does not involve the regulation of private property.

(E) the relationship between local short-term uses of the human environment and the maintenance and enhancement of long-term productivity;

(F) any irreversible and irretrievable commitments of resources that would be involved in the proposed action if it is implemented; and

(G) the details of the beneficial aspects of the proposed project, both short-term and long-term, and the economic advantages and disadvantages of the proposal;

(v) in accordance with the criteria set forth in subsection (1)(b)(iv)(C), study, develop, and describe appropriate alternatives to recommend courses of action in any proposal that involves unresolved conflicts concerning alternative uses of available resources;

(vi) recognize the national and long-range character of environmental problems and, when consistent with the policies of the state, lend appropriate support to initiatives, resolutions, and programs designed to maximize national cooperation in anticipating and preventing a decline in the quality of the world environment;

(vii) make available to counties, municipalities, institutions, and individuals advice and information useful in restoring, maintaining, and enhancing the quality of the environment;

(viii) initiate and use ecological information in the planning and development of resource-oriented projects; and

(ix) assist the environmental quality council established by 5-16-101;

(c) prior to making any detailed statement as provided in subsection (1)(b)(iv), the responsible state official shall consult with and obtain the comments of any state agency that has jurisdiction by law or special expertise with respect to any environmental impact involved. The responsible state official shall also consult with and obtain comments from any state agency with respect to any regulation of private property involved. Copies of the statement and the comments and views of the appropriate state, federal, and local agencies that are authorized to develop and enforce environmental standards must be made available to the governor, the environmental quality council, and the public and must accompany the proposal through the existing agency review processes.

(d) a transfer of an ownership interest in a lease, permit, license, certificate, or other entitlement for use or permission to act by an agency, either singly or in combination with other state agencies, does not trigger review under subsection (1)(b)(iv) if there is not a material change in terms or conditions of the entitlement or unless otherwise provided by law.

(2) The department of public service regulation, in the exercise of its regulatory authority over rates and charges of railroads, motor carriers, and public utilities, is exempt from the provisions of parts 1 through 3.

(3) (a) In any action challenging or seeking review of an agency's decision that a statement pursuant to subsection (1)(b)(iv) is not required or that the statement is inadequate, the burden of proof is on the person challenging the decision. Except as provided in subsection (3)(b), in a challenge to the adequacy of a statement, a court may not consider any issue relating to the adequacy or content of the agency's environmental review document or evidence that was not first presented to the agency for the agency's consideration prior to the agency's decision. A court may not set aside the agency's decision unless it finds that there is clear and convincing evidence that the decision was arbitrary or capricious or not in compliance with law.

(b) When new, material, and significant evidence or issues relating to the adequacy or content of the agency's environmental review document are presented to the district court that had not previously been presented to the agency for its consideration, the district court shall remand the new evidence or issue relating to the adequacy or content of the agency's environmental review document back to the agency for the agency's consideration and an opportunity to modify its findings of fact and administrative decision before the district court considers the evidence or issue relating to the adequacy or content of the agency's environmental review document within the administrative record under review. Immaterial or insignificant evidence or issues relating to the

adequacy or content of the agency's environmental review document may not be remanded to the agency. The district court shall review the agency's findings and decision to determine whether they are supported by substantial, credible evidence within the administrative record under review.

(4) To the extent that the requirements of subsections (1)(b)(iv)(C)(I) and (1)(b)(iv)(C)(III) are inconsistent with federal requirements, the requirements of subsections (1)(b)(iv)(C)(I) and (1)(b)(iv)(C)(III) do not apply to an environmental review that is being prepared by a state agency pursuant to this part and a federal agency pursuant to the National Environmental Policy Act or to an environmental review that is being prepared by a state agency to comply with the requirements of the National Environmental Policy Act.

(5) (a) The agency may not withhold, deny, or impose conditions on any permit or other authority to act based on parts 1 through 3 of this chapter.

(b) Nothing in this subsection (5) prevents a project sponsor and an agency from mutually developing measures that may, at the request of a project sponsor, be incorporated into a permit or other authority to act.

(c) Parts 1 through 3 of this chapter do not confer authority to an agency that is a project sponsor to modify a proposed project or action.

(6) (a) *(i)* A challenge to an agency action under this part may only be brought against a final agency action and may only be brought in district court or in federal court, whichever is appropriate.

(ii) Any action or proceeding challenging a final agency action alleging failure to comply with or inadequate compliance with a requirement under this part must be brought within 60 days of the action that is the subject of the challenge.

(iii) For an action taken by the board of land commissioners or the department of natural resources and conservation under Title 77, "final agency action" means the date that the board of land commissioners or the department of natural resources and conservation issues a final environmental review document under this part or the date that the board approves the action that is subject to this part, whichever is later.

(b) Any action or proceeding under subsection (6)(a)*(ii)* must take precedence over other cases or matters in the district court unless otherwise provided by law.

(7) The director of the agency responsible for the determination or recommendation shall endorse in writing any determination of significance made under subsection (1)(b)(iv) or any recommendation that a determination of significance be made.

(8) A project sponsor may request a review of the significance determination or recommendation made under subsection (7) by the appropriate board, if any. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. The period of time between the request for a review and completion of a review under this subsection may not be included for the purposes of determining compliance with the time limits established for environmental review in 75-1-208."

CHAPTER NO. 128

[HB 89]

AN ACT EXTENDING THE SCHEDULE FOR COMPLETING TOTAL MAXIMUM DAILY LOADS FOR STREAMS LISTED IN 1997; AND AMENDING SECTION 75-5-703, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-5-703, MCA, is amended to read:

"75-5-703. Development and implementation of total maximum daily loads. (1) The department shall, in consultation with local conservation districts and watershed advisory groups, develop total maximum daily loads or TMDLs for threatened or impaired water bodies or segments of water bodies in order of the priority ranking established by the department under 75-5-702. Each TMDL must be established at a level that will achieve compliance with applicable water quality standards and must include a reasonable margin of safety that takes into account any lack of knowledge concerning the relationship between the TMDL and water quality standards. The department shall consider applicable guidance from the federal environmental protection agency, as well as the environmental, economic, and social costs and benefits of developing and implementing a TMDL.

(2) In establishing TMDLs under subsection (1), the department may establish waste load allocations for point sources and may establish load allocations for nonpoint sources, as set forth in subsection (8), and may allow for effluent trading. The department shall, in consultation with local conservation districts and watershed advisory groups, develop reasonable land, soil, and water conservation practices specifically recognizing established practices and programs for nonpoint sources.

(3) Within ~~10~~ *15* years from May 5, 1997, the department shall develop TMDLs for all water bodies on the list of waters that are threatened or impaired, as that list read on May 5, 1997. This provision does not apply to water bodies that are subsequently added or removed from the list according to the provisions of 75-5-702. The department shall establish a schedule for completing the TMDLs within the ~~10-year~~ *15-year* period established by this subsection. The schedule must also provide a reasonable timeframe for TMDL development for impaired and threatened water bodies that are listed subsequent to May 5, 1997, and are prioritized as set forth in 75-5-702.

(4) The department shall provide guidance for TMDL development on any threatened or impaired water body, regardless of its priority ranking, if the necessary funding and resources from sources outside the department are available to develop the TMDL and to monitor the effectiveness of implementation efforts. The department shall review the TMDL and either approve or disapprove the TMDL. If the TMDL is approved by the department, the department shall ensure implementation of the TMDL according to the provisions of subsections (6) through (8).

(5) For water bodies listed under 75-5-702, the department shall provide assistance and support to landowners, local conservation districts, and

watershed advisory groups for interim measures that may restore water quality and remove the need to establish a TMDL, such as informational programs regarding control of nonpoint source pollution and voluntary measures designed to correct impairments. When a source implements voluntary measures to reduce pollutants prior to development of a TMDL, those measures, whether or not reflected in subsequently issued waste discharge permits, must be recognized in development of the TMDL in a way that gives credit for the pollution reduction efforts.

(6) After development of a TMDL and upon approval of the TMDL, the department shall:

(a) incorporate the TMDL into its current continuing planning process;

(b) incorporate the waste load allocation developed for point sources during the TMDL process into appropriate water discharge permits; and

(c) assist and inform landowners regarding the application of a voluntary program of reasonable land, soil, and water conservation practices developed pursuant to subsection (2).

(7) Once the control measures identified in subsection (6) have been implemented, the department shall, in consultation with the statewide TMDL advisory group, develop a monitoring program to assess the waters that are subject to the TMDL to determine whether compliance with water quality standards has been attained for a particular water body or whether the water body is no longer threatened. The monitoring program must be designed based on the specific impairments or pollution sources. The department's monitoring program must include long-term monitoring efforts for the analysis of the effectiveness of the control measures developed.

(8) The department shall support a voluntary program of reasonable land, soil, and water conservation practices to achieve compliance with water quality standards for nonpoint source activities for water bodies that are subject to a TMDL developed and implemented pursuant to this section.

(9) If the monitoring program provided under subsection (7) demonstrates that the TMDL is not achieving compliance with applicable water quality standards within 5 years after approval of a TMDL, the department shall conduct a formal evaluation of progress in restoring water quality and the status of reasonable land, soil, and water conservation practice implementation to determine if:

(a) the implementation of a new or improved phase of voluntary reasonable land, soil, and water conservation practice is necessary;

(b) water quality is improving but a specified time is needed for compliance with water quality standards; or

(c) revisions to the TMDL are necessary to achieve applicable water quality standards.

(10) Pending completion of a TMDL on a water body listed pursuant to 75-5-702:

(a) point source discharges to a listed water body may commence or continue, provided that:

(i) the discharge is in conformance with a discharge permit that reflects, in the manner and to the extent applicable for the particular discharge, the provisions of 75-5-303;

(ii) the discharge will not cause a decline in water quality for parameters by which the water body is impaired; and

(iii) minimum treatment requirements adopted pursuant to 75-5-305 are met;

(b) the issuance of a discharge permit may not be precluded because a TMDL is pending;

(c) new or expanded nonpoint source activities affecting a listed water body may commence and continue ~~provided~~ *if* those activities are conducted in accordance with reasonable land, soil, and water conservation practices;

(d) for existing nonpoint source activities, the department shall continue to use educational nonpoint source control programs and voluntary measures as provided in subsections (5) and (6).

(11) This section may not be construed to prevent a person from filing an application or petition under 75-5-302, 75-5-310, or 75-5-312."

[HB 142]

AN ACT REQUIRING THE STATE OFFICIAL RESPONSIBLE FOR THE PREPARATION OF AN ENVIRONMENTAL IMPACT STATEMENT TO CONSULT WITH ANY LOCAL GOVERNMENT THAT MAY BE DIRECTLY IMPACTED BY A PROJECT; AMENDING SECTIONS 75-1-104 AND 75-1-201, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-1-104, MCA, is amended to read:

"75-1-104. Specific statutory obligations unimpaired. ~~Nothing in~~ *Sections* 75-1-103 ~~or~~ *and* 75-1-201 ~~shall in any way~~ *do not* affect the specific statutory obligations of any agency of the state to:

(1) comply with criteria or standards of environmental quality;

(2) coordinate or consult with any ~~other~~ *local government, other* state *agency,* or federal agency; or

(3) act or refrain from acting contingent upon the recommendations or certification of any other state or federal agency."

Section 2. Section 75-1-201, MCA, is amended to read:

"75-1-201. General directions — environmental impact statements. (1) The legislature authorizes and directs that, to the fullest extent possible:

(a) the policies, regulations, and laws of the state must be interpreted and administered in accordance with the policies set forth in parts 1 through 3;

(b) under this part, all agencies of the state, except the legislature and except as provided in subsection (2), shall:

(i) use a systematic, interdisciplinary approach that will ensure:

(A) the integrated use of the natural and social sciences and the environmental design arts in planning and in decisionmaking that may have an impact on the human environment; and

(B) that in any environmental review that is not subject to subsection (1)(b)(iv), when an agency considers alternatives, the alternative analysis will be in compliance with the provisions of subsections (1)(b)(iv)(C)(I) through (1)(b)(iv)(C)(III) and, if requested by the project sponsor or if determined by the agency to be necessary, subsection (1)(b)(iv)(C)(IV);

(ii) identify and develop methods and procedures that will ensure that presently unquantified environmental amenities and values may be given appropriate consideration in decisionmaking, along with economic and technical considerations;

(iii) identify and develop methods and procedures that will ensure that state government actions that may impact the human environment are evaluated for

regulatory restrictions on private property, as provided in subsection (1)(b)(iv)(D);

(iv) include in each recommendation or report on proposals for projects, programs, and other major actions of state government significantly affecting the quality of the human environment a detailed statement on:

(A) the environmental impact of the proposed action;

(B) any adverse environmental effects that cannot be avoided if the proposal is implemented;

(C) alternatives to the proposed action. An analysis of any alternative included in the environmental review must comply with the following criteria:

(I) any alternative proposed must be reasonable, in that the alternative must be achievable under current technology and the alternative must be economically feasible as determined solely by the economic viability for similar projects having similar conditions and physical locations and determined without regard to the economic strength of the specific project sponsor;

(II) the agency proposing the alternative shall consult with the project sponsor regarding any proposed alternative, and the agency shall give due weight and consideration to the project sponsor's comments regarding the proposed alternative;

(III) if the project sponsor believes that an alternative is not reasonable as provided in subsection (1)(b)(iv)(C)(I), the project sponsor may request a review by the appropriate board, if any, of the agency's determination regarding the reasonableness of the alternative. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. The agency may not charge the project sponsor for any of its activities associated with any review under this section. The period of time between the request for a review and completion of a review under this subsection may not be included for the purposes of determining compliance with the time limits established for environmental review in 75-1-208.

(IV) the agency shall complete a meaningful no-action alternative analysis. The no-action alternative analysis must include the projected beneficial and adverse environmental, social, and economic impact of the project's noncompletion.

(D) any regulatory impacts on private property rights, including whether alternatives that reduce, minimize, or eliminate the regulation of private property rights have been analyzed. The analysis in this subsection (1)(b)(iv)(D) need not be prepared if the proposed action does not involve the regulation of private property.

(E) the relationship between local short-term uses of the human environment and the maintenance and enhancement of long-term productivity;

(F) any irreversible and irretrievable commitments of resources that would be involved in the proposed action if it is implemented; and

(G) the details of the beneficial aspects of the proposed project, both short-term and long-term, and the economic advantages and disadvantages of the proposal;

(v) in accordance with the criteria set forth in subsection (1)(b)(iv)(C), study, develop, and describe appropriate alternatives to recommend courses of action

in any proposal that involves unresolved conflicts concerning alternative uses of available resources;

(vi) recognize the national and long-range character of environmental problems and, when consistent with the policies of the state, lend appropriate support to initiatives, resolutions, and programs designed to maximize national cooperation in anticipating and preventing a decline in the quality of the world environment;

(vii) make available to counties, municipalities, institutions, and individuals advice and information useful in restoring, maintaining, and enhancing the quality of the environment;

(viii) initiate and use ecological information in the planning and development of resource-oriented projects; and

(ix) assist the environmental quality council established by 5-16-101;

(c) prior to making any detailed statement as provided in subsection (1)(b)(iv), the responsible state official shall consult with and obtain the comments of any state agency that has jurisdiction by law or special expertise with respect to any environmental impact involved *and with any local government, as defined in 7-12-1103, that may be directly impacted by the project*. The responsible state official shall also consult with and obtain comments from any state agency with respect to any regulation of private property involved. Copies of the statement and the comments and views of the appropriate state, federal, and local agencies that are authorized to develop and enforce environmental standards must be made available to the governor, the environmental quality council, and the public and must accompany the proposal through the existing agency review processes.

(d) a transfer of an ownership interest in a lease, permit, license, certificate, or other entitlement for use or permission to act by an agency, either singly or in combination with other state agencies, does not trigger review under subsection (1)(b)(iv) if there is not a material change in terms or conditions of the entitlement or unless otherwise provided by law.

(2) The department of public service regulation, in the exercise of its regulatory authority over rates and charges of railroads, motor carriers, and public utilities, is exempt from the provisions of parts 1 through 3.

(3) (a) In any action challenging or seeking review of an agency's decision that a statement pursuant to subsection (1)(b)(iv) is not required or that the statement is inadequate, the burden of proof is on the person challenging the decision. Except as provided in subsection (3)(b), in a challenge to the adequacy of a statement, a court may not consider any issue relating to the adequacy or content of the agency's environmental review document or evidence that was not first presented to the agency for the agency's consideration prior to the agency's decision. A court may not set aside the agency's decision unless it finds that there is clear and convincing evidence that the decision was arbitrary or capricious or not in compliance with law.

(b) When new, material, and significant evidence or issues relating to the adequacy or content of the agency's environmental review document are presented to the district court that had not previously been presented to the agency for its consideration, the district court shall remand the new evidence or issue relating to the adequacy or content of the agency's environmental review document back to the agency for the agency's consideration and an opportunity to modify its findings of fact and administrative decision before the district court

considers the evidence or issue relating to the adequacy or content of the agency's environmental review document within the administrative record under review. Immaterial or insignificant evidence or issues relating to the adequacy or content of the agency's environmental review document may not be remanded to the agency. The district court shall review the agency's findings and decision to determine whether they are supported by substantial, credible evidence within the administrative record under review.

(4) To the extent that the requirements of subsections (1)(b)(iv)(C)(I) and (1)(b)(iv)(C)(III) are inconsistent with federal requirements, the requirements of subsections (1)(b)(iv)(C)(I) and (1)(b)(iv)(C)(III) do not apply to an environmental review that is being prepared by a state agency pursuant to this part and a federal agency pursuant to the National Environmental Policy Act or to an environmental review that is being prepared by a state agency to comply with the requirements of the National Environmental Policy Act.

(5) (a) The agency may not withhold, deny, or impose conditions on any permit or other authority to act based on parts 1 through 3 of this chapter.

(b) Nothing in this subsection (5) prevents a project sponsor and an agency from mutually developing measures that may, at the request of a project sponsor, be incorporated into a permit or other authority to act.

(c) Parts 1 through 3 of this chapter do not confer authority to an agency that is a project sponsor to modify a proposed project or action.

(6) (a) A challenge to an agency action under this part may only be brought against a final agency action and may only be brought in district court or in federal court, whichever is appropriate. Any action or proceeding challenging a final agency action alleging failure to comply with or inadequate compliance with a requirement under this part must be brought within 60 days of the action that is the subject of the challenge.

(b) Any action or proceeding under subsection (6)(a) must take precedence over other cases or matters in the district court unless otherwise provided by law.

(7) The director of the agency responsible for the determination or recommendation shall endorse in writing any determination of significance made under subsection (1)(b)(iv) or any recommendation that a determination of significance be made.

(8) A project sponsor may request a review of the significance determination or recommendation made under subsection (7) by the appropriate board, if any. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. The period of time between the request for a review and completion of a review under this subsection may not be included for the purposes of determining compliance with the time limits established for environmental review in 75-1-208."

Section 3. Effective date. [This act] is effective on passage and approval.

Section 4. Applicability. [This act] applies to environmental impact statements commenced on or after [the effective date of this act].

[HB 250]

AN ACT REVISING THE DESIGN OF LICENSE PLATES FOR RECIPIENTS OF A PURPLE HEART MEDAL; AMENDING SECTION 61-3-332, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-3-332, MCA, is amended to read:

"61-3-332. (Temporary) Number plates. (1) A motor vehicle that is driven upon the streets or highways of Montana must display both front and rear number plates, bearing the distinctive number assigned to the vehicle.

(2) In addition to special license plates, collegiate license plates, and generic specialty license plates authorized under this chapter, a separate series of number plates must be issued, in the manner specified, for each of the following vehicle or dealer types:

(a) passenger vehicles, including automobiles, vans, and sport utility vehicles;

(b) motorcycles and quadricycles, bearing the letters "MC" or "CYCLE";

(c) trucks, bearing the letter "T" or the word "TRUCK";

(d) trailers, bearing the letters "TR" or the word "TRAILER";

(e) dealers of new, or new and used, motor vehicles, including trucks and trailers, bearing the letter "D" or the word "DEALER";

(f) dealers of used motor vehicles only, including trucks and trailers, bearing the letters "UD" or the letter "U" and the word "DEALER";

(g) dealers of motorcycles or quadricycles, bearing the letters "MCD" or the letters "MC" and the word "DEALER";

(h) dealers of trailers or semitrailers, bearing the letters "DTR" or the letters "TR" and the word "DEALER"; and

(i) dealers of recreational vehicles, bearing the letters "RV" or the letter "R" and the word "DEALER".

(3) (a) Except as provided in 61-3-479 and subsections (4)(c) and (4)(d) of this section, all number plates for motor vehicles must be issued for a maximum period of 4 years, bear a distinctive marking, and be furnished by the department. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For motorcycles, quadricycles, and light vehicles that are permanently registered as provided in 61-3-527 or 61-3-315 and 61-3-562, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(4) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after December 31, 1999, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(b) Beginning January 1, 2000, the department shall manufacture and issue new number plates every 4 years.

(c) A light vehicle that is registered for a 24-month period, as provided in 61-3-315 and 61-3-560, may display the number plate and plate design in effect at the time of registration for the entire 24-month registration period.

(d) A motorcycle, quadricycle, or light vehicle that is permanently registered, as provided in 61-3-527 or 61-3-315 and 61-3-562, may display the number plate and plate design in effect at the time of registration for the entire period that the vehicle is permanently registered.

(5) In the case of passenger vehicles and trucks, plates must be of metal 6 inches wide and 12 inches in length. Except for generic specialty license plates, the outline of the state of Montana must be used as a distinctive border on the license plates, and the word “Montana” must be placed on each plate. Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(6) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as “A 1" or “AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate license plates, and generic specialty license plates, the distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(7) For the use of exempt motor vehicles and motor vehicles that are exempt from the registration fee as provided in 61-3-560(2)(a), in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words “State Owned”, and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated

by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(8) Number plates issued to a passenger vehicle, truck, trailer, motorcycle, or quadricycle may be transferred only to a replacement passenger vehicle, truck, trailer, motorcycle, or quadricycle. A registration or license fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

(9) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they may be formed, beginning with the number 57.

(i) dealers of recreational vehicles, bearing the letters "RV" or the letter "R" and the word "DEALER".

(3) (a) Except as provided in subsections (4)(c) and (4)(d), all number plates for motor vehicles must be issued for a maximum period of 4 years, bear a distinctive marking, and be furnished by the state. In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(b) For motorcycles, quadricycles, and light vehicles that are permanently registered as provided in 61-3-527 or 61-3-315 and 61-3-562, the department shall provide distinctive nonremovable stickers indicating that the vehicle is permanently registered. The stickers must be affixed to the license plates in use.

(4) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after December 31, 1999, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(b) Beginning January 1, 2000, the department shall manufacture and issue new number plates every 4 years.

(c) A light vehicle that is registered for a 24-month period, as provided in 61-3-315 and 61-3-560, may display the number plate and plate design in effect at the time of registration for the entire 24-month registration period.

(d) A motorcycle, quadricycle, or light vehicle that is permanently registered, as provided in 61-3-527 or 61-3-315 and 61-3-562, may display the number plate and plate design in effect at the time of registration for the entire period that the vehicle is permanently registered.

(5) In the case of passenger vehicles and trucks, plates must be of metal 6 inches wide and 12 inches in length. Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(6) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. The distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the

distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(7) For the use of exempt motor vehicles and motor vehicles that are exempt from the registration fee as provided in 61-3-560(2)(a), in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. (b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(8) Number plates issued to a passenger vehicle, truck, trailer, motorcycle, or quadricycle may be transferred only to a replacement passenger vehicle, truck, trailer, motorcycle, or quadricycle. FOR COMPLIANCE INSPECTIONS AND PERMITS; AMENDING SECTIONS 75-11-307, 75-11-503, 75-11-505, AND 75-11-509, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-11-307, MCA, is amended to read:

"75-11-307. Reimbursement for expenses caused by ~~a~~ release. (1) Subject to the availability of money from the fund under subsection (5), an owner or operator who is eligible under 75-11-308 and who complies with 75-11-309 and any rules adopted to implement those sections must be reimbursed by the board from the fund for the following eligible costs caused by a release from a petroleum storage tank:

(a) corrective action costs as required by a department-approved corrective action plan, except if the corrective action plan addresses releases of substances other than petroleum products from an eligible petroleum storage tank, the board may reimburse only the costs that would have reasonably been incurred if the only release at the site was the release of the petroleum or petroleum products from the eligible petroleum storage tank; and

(b) compensation paid to third parties for bodily injury or property damage. The board may not reimburse for property damage until the corrective action is completed.

(2) An owner or operator may not be reimbursed from the fund for the following expenses:

(a) corrective action costs or the costs of bodily injury or property damage paid to third parties that are determined by the board to be ineligible for reimbursement;

(b) costs for bodily injury and property damage, other than corrective action costs, incurred by the owner or operator;

(c) penalties or payments for damages incurred under actions by the department, board, or federal, state, local, or tribal agencies or other government entities involving judicial or administrative enforcement activities and related negotiations;

(d) attorney fees and legal costs of the owner, the operator, or a third party;

(e) costs for the repair or replacement of a tank or piping or costs of other materials, equipment, or labor related to the operation, repair, or replacement of a tank or piping;

(g) expenses exceeding the maximum reimbursements provided for in subsection (4); and

(h) expenses for work completed by or on behalf of the owner or operator more than ~~2~~ 5 years prior to the owner's or operator's request for reimbursement. This limitation does not apply to claims for compensation paid

to third parties for bodily injury or property damage. *The running of the 5-year limitation period is suspended by an appeal of the board's denial of eligibility for reimbursement. If a written request for hearing is filed under 75-11-309, the suspension of the 5-year limitation period is effective from the date of the board's initial eligibility denial to the date on which the initial eligibility denial is overturned or reversed by the board, a district court, or the state supreme court, whichever occurs latest. The board may grant reasonable extensions of this limitation period if it is shown that the need for the extension is not due to the negligence of the owner or operator or agent of the owner or operator.*

(3) An owner or operator may designate a person as an agent to receive the reimbursement if the owner or operator remains legally responsible for all costs and liabilities incurred as a result of the release.

(4) Subject to the availability of funds under subsection (5):

(a) for releases eligible for reimbursement from the petroleum tank release cleanup fund that are discovered and reported on or after April 13, 1989, from a tank storing heating oil for consumptive use on the premises where it is stored or from a farm or residential tank with a capacity of 1,100 gallons or less that is used for storing motor fuel for noncommercial purposes, the board shall reimburse an owner or operator for:

(i) 50% of the first $10,000 of eligible costs and 100% of subsequent eligible costs, up to a maximum total reimbursement of $495,000:

(A) for single-walled tank system releases; and

(B) for double-walled tank system releases for which the release date was prior to October 1, 1993; or

(ii) 100% of the eligible costs, up to a maximum total reimbursement of $500,000, for properly designed and installed double-walled tank system accidental releases that were discovered and reported on or after October 1, 1993; and

(b) for all other releases eligible for reimbursement from the petroleum tank release cleanup fund that are discovered and reported on or after April 13, 1989, the board shall reimburse an owner or operator for:

(i) 50% of the first $35,000 of eligible costs and 100% of subsequent eligible costs, up to a maximum total reimbursement of $982,500:

(A) for single-walled tank system releases; and

(B) for double-walled tank system releases for which the release date was prior to October 1, 1993; or

(ii) 100% of the eligible costs, up to a maximum total reimbursement of $1 million, for properly designed and installed double-walled tank system accidental releases that were discovered and reported on or after October 1, 1993.

(5) If the fund does not contain sufficient money to pay approved claims for eligible costs, a reimbursement may not be made and the fund and the board are not liable for making any reimbursement for the costs at that time. When the fund contains sufficient money, eligible costs must be reimbursed subsequently in the order in which they were approved by the board."

[SB 16]

AN ACT REVISING THE LAWS RELATED TO SCHOOL BOUNDARY TRANSFERS; ESTABLISHING CRITERIA, A STANDARD OF PROOF, AND PROCEDURES FOR TERRITORY TRANSFER HEARINGS; AUTHORIZING AN APPEAL OF THE COUNTY SUPERINTENDENT'S DECISION TO THE DISTRICT COURT; AMENDING SECTIONS 20-3-205, 20-6-214, 20-6-215, 20-6-308, AND 20-6-322, MCA; REPEALING SECTIONS 20-6-213, 20-6-309, AND 20-6-320, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Transfer of territory from one district to another — hearing on effects of proposed transfer — burden of proof — standard of proof — appeal to district court. (1) Except as provided in 20-6-214, 20-6-215, 20-6-308, and 20-6-322, a petition to transfer territory from one school district to another may be presented to the county superintendent if:

(a) the petition is signed by 60% of the registered electors qualified to vote at general elections in the territory proposed for transfer;

(b) the territory to be transferred is contiguous to the district to which it is to be attached, includes taxable property, and has school-age children living in it;

(c) the territory to be transferred is not located within 3 miles, over the shortest practicable route, of an operating school in the district from which it is to be transferred; and

(d) the board of trustees of the school district that would receive the territory has approved the proposed transfer by a resolution adopted by a majority of the members of the board of trustees at a meeting for which proper notice was given.

(2) On or after [the effective date of this act], once a petition to transfer territory has been filed, an additional petition to transfer that territory may not be filed for 4 years.

(3) The petition for a transfer of territory must be delivered to the county superintendent and must:

(a) provide a legal description of the territory that is requested to be transferred and a description of the district to which the territory is to be transferred;

(b) state the reasons why the transfer is requested; and

(c) state the number of school-age children residing in the territory.

(4) If both the trustees of the receiving and transferring school districts have approved the proposed territory transfer in writing, the county superintendent shall grant the transfer.

(5) For any petition that meets the criteria specified in subsection (1) and contains the information required by subsection (3) but that has not been approved in writing by the board of trustees of the school district that would transfer the territory, the county superintendent shall:

(a) not more than 40 days after receipt of the petition, set a place, date, and time for a hearing to consider the petition; and

(b) give notice of the place, date, and time of the hearing. The notice must be posted in the districts affected by the petition for the transfer of territory in the manner prescribed in this title for notices for school elections, with at least one notice posted in the territory to be transferred. Notice must also be delivered to the board of trustees of the school district from which the territory is to be transferred.

(6) The county superintendent shall conduct a hearing as scheduled, and any resident, taxpayer, or representative of the receiving or transferring district must, upon request, be heard. At the hearing, the petitioners have the initial burden of presenting evidence on the proposed transfer's effect on:

(a) the educational opportunity for the students in the receiving and transferring districts, including but not limited to:

(i) class size;

(ii) ability to maintain demographic diversity;

(iii) local control;

(iv) parental involvement; and

(v) the capability of the receiving district to provide educational services;

(b) student transportation, including but not limited to:

(i) safety;

(ii) cost; and

(iii) travel time of students;

(c) the economic viability of the proposed new districts, including but not limited to:

(i) the existence of a significant burden on the taxpayers of the district from which the territory will be transferred;

(ii) the significance of any loss in state funding for the students in both the receiving and transferring districts;

(iii) the viability of the future bonding capacity of the receiving and transferring districts, including but not limited to the ability of the receiving district and the transferring district to meet minimum bonding requirements;

(iv) the ability of the receiving district and the transferring district to maintain sufficient reserves; and

(v) the cumulative effect of other transfers of territory out of the district in the previous 8 years on the taxable value of the district from which the territory is to be transferred. In cases where the cumulative effect of other transfers of territory out of the district in the previous 8 years is equal to or greater than 25% of the district's taxable value, the following additional factors must be considered and weighed in the decision:

(A) the district's rate of passage of discretional levies placed before the voters over the previous 8 years;

(B) the district's reduction or elimination of instructional staff or programs over the previous 8 years; and

(C) any increase in district taxes over the previous 8 years and the likely increase in district taxes if the transfer is granted.

(7) After receiving evidence from both the proponents and opponents of the proposed territory transfer on the effects described in subsection (6), the county superintendent shall, within 30 days after the hearing, issue findings of fact, conclusions of law, and an order.

(8) If, based on a preponderance of the evidence, the county superintendent determines that the evidence on the effects described in subsection (6) supports a conclusion that a transfer of the territory is in the best and collective interest of students in the receiving and transferring districts and does not negatively impact the ability of the districts to serve those students, the county superintendent shall grant the transfer. If the county superintendent determines that, based on a preponderance of the evidence presented at the hearing, a transfer of the territory is not in the best and collective interest of students in the receiving and transferring districts and will negatively impact the ability of the districts to serve those students, the county superintendent shall deny the territory transfer.

(9) The decision of the county superintendent is final 30 days after the date of the decision unless it is appealed to the district court by a resident, taxpayer, or representative of either district affected by the petitioned territory transfer. The county superintendent's decision must be upheld unless the court finds that the county superintendent's decision constituted an abuse of discretion under this section.

(10) Whenever a petition to transfer territory from one district to another district creates a joint district or affects the boundary of an existing joint district, the petition to transfer territory must be delivered to the county superintendent of the county in which the territory proposed to be transferred is located. The county superintendent shall notify any other county superintendents of counties with districts affected by the petition, and the duties prescribed in this section for the county superintendent must be performed jointly. If the number of county superintendents involved is an even number, the county superintendents shall jointly appoint an additional county superintendent from an unaffected county to join them in conducting the hearing required in subsection (6) and in issuing the decision required in subsection (8). The decision issued under subsection (8) must be made by a majority of the county superintendents.

(11) A petition seeking to transfer territory out of or into a K-12 district must propose the transfer of territory for both elementary and high school purposes. In the case of a proposed transfer out of or into a K-12 district, a petition that fails to propose the transfer of territory for both elementary and high school purposes is invalid for the purposes of this section.

Section 2. Section 20-3-205, MCA, is amended to read:

chapter. A rule or form may not be adopted unless the commissioner finds that the action is necessary or appropriate in the public interest or for the protection of investors and consistent with the purposes of the policy and provisions of parts 1 through 3 of this chapter. In prescribing rules and forms, the commissioner may cooperate with the securities administrators of the other states and the securities and exchange commission with a view to effectuating the policy of parts 1 through 3 of this chapter to achieve maximum uniformity in the form and content of registration statements, applications, and reports whenever practicable.

(5) All fees are considered fully earned when received. In the event of overpayment, only those amounts in excess of $10 may be refunded.

CHAPTER NO. 161

[HB 683]

AN ACT REVISING REQUIREMENTS FOR A CHANGE IN A WATER APPROPRIATION RIGHT; AUTHORIZING A CHANGE IN A WATER APPROPRIATION RIGHT WITHOUT PRIOR APPROVAL OF THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION FOR A REPLACEMENT WELL FOR A MUNICIPAL WELL WHEN THE APPROPRIATION DOES NOT EXCEED 450 GALLONS A MINUTE; AUTHORIZING THE CONSTRUCTION OF CERTAIN REDUNDANT WELLS WITHOUT THE PRIOR APPROVAL OF THE DEPARTMENT, SUBJECT TO CERTAIN REQUIREMENTS; AMENDING SECTION 85-2-402, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-402, MCA, is amended to read:

"85-2-402. (Temporary) Changes in appropriation rights. (1) The right to make a change subject to the provisions of this section in an existing water right, a permit, or a state water reservation is recognized and confirmed. In a change proceeding under this section, there is no presumption that an applicant for a change in appropriation right cannot establish lack of adverse effect prior to the adjudication of other rights in the source of supply pursuant to this chapter. Except as provided in 85-2-410 and ~~subsection (15)~~ *subsections (15) and (16)* of this section, an appropriator may not make a change in an appropriation right without the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(2) Except as provided in subsections (4) through (6), ~~and~~ (15), *and (16),* the department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

(a) The proposed change in appropriation right will not adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under part 3.

(b) Except for a lease authorization pursuant to 85-2-436, a temporary change authorization for instream use to benefit the fishery resource pursuant to 85-2-408, or water use pursuant to 85-2-439 when authorization does not require appropriation works, the proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

(d) Except for a lease authorization pursuant to 85-2-436 or a temporary change authorization pursuant to 85-2-408 or 85-2-439 for instream flow to benefit the fishery resource, the applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(f) The water quality of an appropriator will not be adversely affected.

(g) The ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(4) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by a preponderance of evidence that:

(a) the criteria in subsection (2) are met; and

(b) the proposed change is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(5) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (4) are met; and

(b) for the withdrawal and transportation of appropriated water for out-of-state use, the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(6) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(a) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(b) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(a)(ii) and (6)(a)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(c) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change. The department shall provide notice and may hold one or more hearings upon any other proposed change if it determines that the proposed change might adversely affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change subject to the terms, conditions, restrictions, and limitations that it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change. The department may extend time limits specified in the change approval under the applicable criteria and procedures of 85-2-312(3).

(9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.

(10) If a change is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change approval.

(11) The original of a change approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(12) A person holding an issued permit or change approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change pursuant to this section.

(13) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section.

(14) The department may adopt rules to implement the provisions of this section.

(15) (a) An appropriator may change an appropriation right for a replacement well without the prior approval of the department if:

(i) the appropriation right is for:

(A) ground water outside the boundaries of a controlled ground water area; or

(B) ground water inside the boundaries of a controlled ground water area and if the provisions of the order declaring the controlled ground water area do not restrict such a change;

(ii) the change in appropriation right is to replace an existing well and the existing well will no longer be used;

(iii) the rate and volume of the appropriation from the replacement well are equal to or less than that of the well being replaced and do not exceed*:*

(A) 450 gallons a minute for a municipal well; or

(B) 35 gallons a minute and 10 acre-feet a year *for all other wells*;

(iv) the water from the replacement well is appropriated from the same aquifer as the water appropriated from the well being replaced; and

(v) a timely, correct and complete notice of replacement well is submitted to the department as provided in subsection (15)(b).

(b) (i) After completion of a replacement well and appropriation of ground water for a beneficial use, the appropriator shall file a notice of replacement well with the department on a form provided by the department.

(ii) The department shall review the notice of replacement well and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (15)(a) have been met and the notice is correct and complete.

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement well has been filed with the department. The department shall return a defective notice

to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement well within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iv) If a notice of replacement well is not completed within the time allowed, the appropriator shall:

(A) cease appropriation of water from the replacement well pending approval by the department; and

(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).

(c) The provisions of this subsection (15) do not apply to an appropriation right abandoned under 85-2-404.

(d) For each well that is replaced under this subsection (15), the appropriator shall follow the well abandonment procedures, standards, and rules adopted by the board of water well contractors pursuant to 37-43-202.

(e) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (15)(a).

(16) (a) An appropriator may change an appropriation right without the prior approval of the department for the purpose of constructing a redundant water supply well in a public water supply system, as defined in 75-6-102, if the redundant water supply well:

(i) withdraws water from the same ground water source as the original well; and

(ii) is required by a state or federal agency.

(b) The priority date of the redundant water supply well is the same as the priority date of the original well. Only one well may be used at one time.

(c) Within 60 days of completion of a redundant water supply well, the appropriator shall file a notice of construction of the well with the department on a form provided by the department. The department may return a defective notice of construction to the appropriator for correction and completion.

(d) The provisions of subsections (9) and (10) do not apply to a change in appropriation right that meets the requirements of this section. (Terminates June 30, 2005—sec. 6, Ch. 322, L. 1995; sec. 14, Ch. 487, L. 1995.)

Except as provided in 85-2-410 and ~~subsection (15)~~ *subsections (15) and (16)* of this section, an appropriator may not make a change in an appropriation right without the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(2) Except as provided in subsections (4) through (6), ~~and~~ (15)*, and (16)*, the department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under part 3.

(b) Except for a lease authorization pursuant to 85-2-436 that does not require appropriation works, the proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

(d) The applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(g) The ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change. The department shall provide notice and may hold one or more hearings upon any other proposed change if it determines that the proposed change might adversely affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change subject to the terms, conditions, restrictions, and limitations that it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change. (9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.

(10) If a change is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change approval.

(11) The original of a change approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(b) (i) After completion of a replacement well and appropriation of ground water for a beneficial use, the appropriator shall file a notice of replacement well with the department on a form provided by the department.

(ii) The department shall review the notice of replacement well and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (15)(a) have been met and the notice is correct and complete.

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement well has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement well within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iv) If a notice of replacement well is not completed within the time allowed, the appropriator shall:

(A) cease appropriation of water from the replacement well pending approval by the department; and

(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).

(c) The provisions of this subsection (15) do not apply to an appropriation right abandoned under 85-2-404.

(e) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (15)(a).

(16) (a) An appropriator may change an appropriation right without the prior approval of the department for the purpose of constructing a redundant water supply well in a public water supply system, as defined in 75-6-102, if the redundant water supply well:

(i) withdraws water from the same ground water source as the original well; and

(ii) is required by a state or federal agency.

(b) The priority date of the redundant water supply well is the same as the priority date of the original well. Only one well may be used at one time.

(c) Within 60 days of completion of a redundant water supply well, the appropriator shall file a notice of construction of the well with the department on a form provided by the department. [SB 55]

AN ACT PROVIDING FOR A 3-MONTH COMMUNITY COMMITMENT UNLESS THERE HAS BEEN EVIDENCE OF A PREVIOUS INVOLUNTARY COMMITMENT FOR INPATIENT TREATMENT IN A MENTAL HEALTH FACILITY; AND AMENDING SECTION 53-21-127, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 53-21-127, MCA, is amended to read:

"53-21-127. Posttrial disposition. (1) If, upon trial, it is determined that the respondent is not suffering from a mental disorder or does not require commitment within the meaning of this part, the respondent must be discharged and the petition dismissed.

(2) If it is determined that the respondent is suffering from a mental disorder and requires commitment within the meaning of this part, the court shall hold a posttrial disposition hearing. The disposition hearing must be held within 5 days (including Saturdays, Sundays, and holidays unless the fifth day falls on a Saturday, Sunday, or holiday), during which time the court may order further evaluation and treatment of the respondent.

(3) At the conclusion of the disposition hearing and pursuant to the provisions in subsection (7), the court shall:

(a) commit the respondent to the state hospital for a period of not more than 3 months; or

(b) commit the respondent to a community facility or program or to any appropriate course of treatment, which may include housing or residential requirements *or conditions as provided in 53-21-149*, for a period of*:*

(i) not more than ~~6~~ *3* months*; or*

(ii) not more than 6 months in order to provide the respondent with a less restrictive commitment in the community rather than a more restrictive placement in the state hospital if a respondent has been previously involuntarily committed for inpatient treatment in a mental health facility and the court determines that the admission of evidence of the previous involuntary commitment is relevant to the criterion of predictability, as provided in 53-21-126(1)(d), and outweighs the prejudicial effect of its admission, as provided in 53-21-190.

(4) Except as provided in subsection (3)(b)*(ii)*, a treatment ordered pursuant to this section may not affect the respondent's custody or course of treatment for a period of more than 3 months.

(5) In determining which of the alternatives in subsection (3) to order, the court shall choose the least restrictive alternatives necessary to protect the respondent and the public and to permit effective treatment.

(6) The court may authorize the chief medical officer of a facility or a physician designated by the court to administer appropriate medication involuntarily if the court finds that involuntary medication is necessary to protect the respondent or the public or to facilitate effective treatment. Medication may not be involuntarily administered to a patient unless the chief medical officer of the facility or a physician designated by the court approves it prior to the beginning of the involuntary administration and unless, if possible, a medication review committee reviews it prior to the beginning of the involuntary administration or, if prior review is not possible, within 5 working days after the beginning of the involuntary administration. The medication review committee must include at least one person who is not an employee of the facility or program. The patient and the patient's attorney or advocate, if the patient has one, must receive adequate written notice of the date, time, and place of the review and must be allowed to appear and give testimony and evidence. The involuntary administration of medication must be again reviewed

by the committee 14 days and 90 days after the beginning of the involuntary administration if medication is still being involuntarily administered. The mental disabilities board of visitors and the director of the department of public health and human services must be fully informed of the matter within 5 working days after the beginning of the involuntary administration. The director shall report to the governor on an annual basis.

(7) Satisfaction of any one of the criteria listed in 53-21-126(1) justifies commitment pursuant to this chapter. However, if the court relies solely upon the criterion provided in 53-21-126(1)(d), the court may require commitment only to a community facility or program or an appropriate course of treatment as provided in subsection (3)(b), and may not require commitment at the state hospital.

(8) In ordering commitment pursuant to this section, the court shall make the following findings of fact:

(a) a detailed statement of the facts upon which the court found the respondent to be suffering from a mental disorder and requiring commitment;

(b) the alternatives for treatment that were considered;

(c) the alternatives available for treatment of the respondent;

(d) the reason that any treatment alternatives were determined to be unsuitable for the respondent;

(e) the name of the facility, program, or individual to be responsible for the management and supervision of the respondent's treatment;

(f) if the order includes a requirement for inpatient treatment, the reason inpatient treatment was chosen from among other alternatives; and

(g) if the order includes involuntary medication, the reason involuntary medication was chosen from among other alternatives."

AN ACT LIMITING THE PERIOD OF CONFINEMENT FOR A PERSON FOUND NOT GUILTY BY REASON OF MENTAL DISEASE OR DEFECT; REQUIRING THE COURT TO DETERMINE THE MAXIMUM PERIOD OF CONFINEMENT AND TO MAKE SPECIFIC FINDINGS REGARDING VICTIMS; AND AMENDING SECTIONS 46-14-214 AND 46-14-301, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-14-214, MCA, is amended to read:

"46-14-214. Form of verdict and judgment — *determination of maximum period of confinement — victim findings.* *(1)* When the defendant is found not guilty of the charged offense or offenses or any lesser included offense for the reason that due to a mental disease or defect the defendant did not have a particular state of mind that is an essential element of the offense charged, the verdict and the judgment must state that reason.

(2) The court shall determine on the record the charged offense or offenses or any lesser included offense for which the person otherwise may have been

convicted and the maximum sentence that the defendant may have received. If there is more than one offense charged, the maximum sentence is limited to the longest single sentence from all charged offenses.

(3) The court shall make specific findings regarding whether there is a victim of the crime for which the defendant is found not guilty and, if so, whether the victim wishes to be notified of any conditional release, discharge, or escape of the defendant."

Section 2. Section 46-14-301, MCA, is amended to read:

"46-14-301. Commitment upon finding of not guilty by reason of lack of mental state — hearing to determine release or discharge — *limitation on confinement.* (1) When a defendant is found not guilty for the reason that due to a mental disease or defect the defendant could not have a particular state of mind that is an essential element of the offense charged, the court shall order a predisposition investigation in accordance with 46-18-112 and 46-18-113, which must include an investigation of the present mental condition of the defendant. If the trial was by jury, the court shall hold a hearing to determine the appropriate disposition of the defendant. If the trial was by the court, the court may hold a hearing to obtain any additional testimony it considers necessary to determine the appropriate disposition of the defendant. In either case, the testimony and evidence presented at the trial must be considered by the court in making its determination.

(2) The court shall evaluate the nature of the offense with which the defendant was charged. If the offense:

(a) involved a substantial risk of serious bodily injury or death, actual bodily injury, or substantial property damage, the court may find that the defendant suffers from a mental disease or defect that renders the defendant a danger to the defendant or others. If the court finds that the defendant presents a danger to the defendant or others, the defendant may be committed to the custody of the director of the department of public health and human services to be placed in an appropriate mental health facility for custody, care, and treatment. However, if the court finds that the defendant is seriously developmentally disabled, as defined in 53-20-102, the prosecutor shall petition the court in the manner provided in Title 53, chapter 20.

(b) charged did not involve a substantial risk of serious bodily injury or death, actual bodily injury, or substantial property damage, the court shall release the defendant. The prosecutor may petition the court in the manner provided in Title 53, chapter 20 or 21.

(3) A person committed to the custody of the director of the department of public health and human services must have a hearing within 180 days of confinement to determine the person's present mental condition and whether the person must be discharged or released or whether the commitment may be extended because the person continues to suffer from a mental disease or defect that renders the person a danger to the person or others. The hearing must be conducted by the court that ordered the commitment unless that court transfers jurisdiction to the district court in the district in which the person has been placed. The court shall cause notice of the hearing to be served upon the person, the person's counsel, the prosecutor, and the court that originally ordered the commitment. The hearing is a civil proceeding, and the burden is upon the state to prove by clear and convincing evidence that the person may not be safely released because the person continues to suffer from a mental disease or defect that causes the person to present a substantial risk of:

(a) serious bodily injury or death to the person or others;

(b) an imminent threat of physical injury to the person or others; or

(c) substantial property damage.

(4) According to the determination of the court upon the hearing, the person must be discharged or released on conditions the court determines to be necessary or must be committed to the custody of the director of the department of public health and human services to be placed in an appropriate mental health facility for custody, care, and treatment. *The period of commitment may not exceed the maximum sentence determined under 46-14-214(2). At the time that the period of the maximum sentence expires, involuntary civil commitment proceedings may be instituted in the manner provided in Title 53, chapter 21.*

(5) A professional person shall review the status of the person each year. At the time of the annual review, the director of the department of public health and human services or the person or the representative of the person may petition for discharge or release of the person. Upon request for a hearing, a hearing must be held pursuant to the provisions of subsection (3)."

AN ACT PROHIBITING THE GOVERNOR FROM DIRECTING A REDUCTION IN SPENDING FOR THE MONTANA SCHOOL FOR THE DEAF AND BLIND IN THE EVENT OF A PROJECTED GENERAL FUND BUDGET DEFICIT; AMENDING SECTION 17-7-140, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-7-140, MCA, is amended to read:

"17-7-140. Reduction in spending. (1) (a) As the chief budget officer of the state, the governor shall ensure that the expenditure of appropriations does not exceed available revenue. Except as provided in subsection (2), in the event of a projected general fund budget deficit, the governor, taking into account the criteria provided in subsection (1)(b), shall direct agencies to reduce spending in an amount that ensures that the projected ending general fund balance for the biennium will be at least 1% of all general fund appropriations during the biennium. An agency may not be required to reduce general fund spending for any program, as defined in each general appropriations act, by more than 10% during a biennium. Departments or agencies headed by elected officials or the board of regents may not be required to reduce general fund spending by a percentage greater than the percentage of general fund spending reductions required for the total of all other executive branch agencies. The legislature may exempt from a reduction an appropriation item within a program or may direct that the appropriation item may not be reduced by more than 10%.

(b) The governor shall direct agencies to manage their budgets in order to reduce general fund expenditures. Prior to directing agencies to reduce spending as provided in subsection (1)(a), the governor shall direct each agency to analyze the nature of each program that receives a general fund appropriation to determine whether the program is mandatory or permissive and to analyze the impact of the proposed reduction in spending on the purpose of the program. An agency shall submit its analysis to the office of budget and program planning and shall at the same time provide a copy of the analysis to the legislative fiscal analyst. The office of budget and program planning shall review each agency's analysis, and the budget director shall submit to the governor a copy of the office of budget and program planning's recommendations for reductions in spending. The budget director shall provide a copy of the recommendations to the legislative fiscal analyst at the time that the recommendations are submitted to the governor and shall provide the legislative fiscal analyst with any proposed changes to the recommendations. The legislative finance committee shall meet within 20 days of the date that the proposed changes to the recommendations for reductions in spending are provided to the legislative fiscal analyst. The legislative fiscal analyst shall provide a copy of the legislative fiscal analyst's review of the proposed reductions in spending to the budget director at least 5 days before the meeting of the legislative finance committee. The committee may make recommendations concerning the proposed reductions in spending. The governor shall consider each agency's analysis and the recommendations of the office of budget and program planning and the legislative finance committee in determining the agency's reduction in spending. Reductions in spending must

be designed to have the least adverse impact on the provision of services determined to be most integral to the discharge of the agency's statutory responsibilities.

(2) Reductions in spending for the following may not be directed by the governor:

(a) payment of interest and principal on state debt;

(b) the legislative branch;

(c) the judicial branch;

(d) the school BASE funding program, including special education; ~~and~~

(e) salaries of elected officials during their terms of office; *and*

(f) the Montana school for the deaf and blind.

(3) (a) As used in this section, "projected general fund budget deficit" means an amount, certified by the budget director to the governor, by which the projected ending general fund balance for the biennium is less than 2% of the general fund appropriations for the second fiscal year of the biennium. (1) If a change or error in the records results in a member or beneficiary receiving from the retirement system more or less than the member or beneficiary would have been entitled to receive had the records been correct, then, on discovery of the error, the retirement board shall correct the error and, as far as practicable, shall adjust the payments so that the actuarial equivalent of the benefit to which the member or beneficiary was correctly entitled will be paid.

(2) If the amount of a contribution payment is incorrect, the board may reject the payment or accept the payment and approve an arrangement to collect the correct amount, including any or all of the following arrangements:

(a) adjustment of subsequent payments to the board from a member or an employer;

(b) collection of installment payments or a lump-sum payment from an employer; or

(c) collection of installment payments, a lump-sum payment, or a rollover payment from a member.

A monthly benefit paid under the retirement system provided for in this chapter may not exceed the annual limits on benefits as specified in section 415 of the Internal Revenue Code *as adjusted for cost-of-living increases* for calendar years 1988 and ~~thereafter~~ *succeeding years*. However, benefits in excess of those limits may be paid from ~~an~~ *a qualified governmental* excess benefit arrangement subject to ~~19-20-718~~ *19-20-212*."

Section 9. Section 19-20-715, MCA, is amended to read:

"19-20-715. Compensation limit. (1) Compensation in excess of the limitations set forth in section 401(a)(17) of the Internal Revenue Code *as adjusted for cost-of-living increases* must be disregarded for individuals who are not eligible employees. The limitation on compensation for eligible employees may not be less than the amount that was allowed to be taken into account under this chapter on July 1, 1993. For purposes of this section, an eligible employee is an individual who was a member in the retirement system prior to July 1, 1996. *Any changes in the maximum limits under section 401(a)(17) of the Internal Revenue Code must be applied prospectively.*

(2) In determining a member's retirement allowance under 19-20-802 or 19-20-804, the compensation reported in each year of the 3 years that make up

Section 10. Section 19-20-718, MCA, is amended to read:

"19-20-718. (Effective on occurrence of contingency) Maximum contribution limitation. (a) ~~If the system's law requires a lump-sum payment for purchase of service credit, the~~ *The* board may establish a periodic payment plan in order to avoid a contribution in excess of the limits of section 415(c) or 415(n) of the Internal Revenue Code.

(b) If the board's option in subsection (1)(a) will not avoid a contribution in excess of the limits in section 415(c) of the Internal Revenue Code, the board may direct the excess contribution to the qualified *governmental* excess benefit arrangement pursuant to section 415(m) of the Internal Revenue Code *if a qualified governmental excess benefit arrangement has been established pursuant to 19-20-212*.

(2) If the board's options in subsections (1)(a) and (1)(b) will not avoid a contribution in excess of the limits of section 415(c) of the Internal Revenue Code, the board shall reduce or refuse the contribution.

(3) The board shall use the provisions of section 415(n) of the Internal Revenue Code, as the provisions apply to a government plan, to facilitate member's service purchases. An eligible participant in a retirement plan, as defined by section 1526 of the Taxpayer Relief Act of 1997, 26 U.S.C. 415, may purchase service credit without regard to the limitations of section 415(c)(1) of the Internal Revenue Code under the Montana statutes in effect on August 5, 1997.

(4) For the purpose of calculating the maximum contribution under section 415 of the Internal Revenue Code, the definitions of "compensation", "wages", and "salary" include the amount of any elective deferral, as defined in section 402(g) of the Internal Revenue Code, or any contribution that is contributed or deferred by the employer at the election of the member and that is not includable in the gross income of the member by reason of sections 125, *132(f),* 403(b), or 457 of the Internal Revenue Code. *Any changes in the maximum limits under section 415 of the Internal Revenue Code must be applied prospectively.*"

Section 11. Section 19-20-719, MCA, is amended to read:

"19-20-719. Guaranteed annual benefit adjustment — rulemaking. (1) Subject to subsection (3), on January 1 of each year, the retirement allowance payable to each recipient who is eligible under subsection (2) must be increased by 1.5%.

(2) A benefit recipient is eligible for and must receive the minimum annual benefit adjustment provided for in this section if the ~~retiree's most recent~~

~~retirement effective date is~~ *retiree has received* at least 36 ~~months~~ *monthly retirement benefit payments* prior to January 1 of the year in which the adjustment is to be made.

(3) On January 1, 2002, and January 1 of each year following the system's biennial valuation, the board may increase the annual benefit adjustment provided in subsection (1) until a maximum of 3% is guaranteed if:

(a) the period required to amortize the system's actuarial unfunded liability, as determined by the most recent biennial valuation, adjusted for any benefit enhancement enacted by the legislature since the most recent biennial valuation, is less than 25 years;

(b) sufficient funds are available to increase the guaranteed annual benefit adjustment by at least 0.1%; and

(c) the increase granted by the board would not cause the amortization period, as of the most recent valuation, to exceed 25 years.

(4) The board shall adopt rules to administer the provisions of this section."

Section 12. Section 19-20-805, MCA, is amended to read:

"19-20-805. Earned compensation — part-time service. *(1)* The earned compensation of a member who retired under 19-20-802 or 19-20-804 and had less than 3 consecutive years of full-time service during the 5 years *immediately* preceding the member's ~~retirement~~ *termination* is the compensation that the member would have earned in the ~~final~~ 3 years *used to calculate average final compensation* had the member's part-time service been full-time service. To determine the compensation that the member would have earned, the compensation reported must be divided by the part-time service credited to the member's account.

(2) (a) Subject to subsection (2)(b), if a member has transferred service from the public employees' retirement system as provided under 19-20-409 and does not have 3 consecutive years of full-time service reported to the teachers' retirement system, the member's average final compensation may be calculated as follows:

(i) if the member's part-time service credit in the public employees' retirement system plus the member's part-time service credit in the teachers' retirement system equals 1 year in any of the fiscal years used in determining average final compensation, then the member's annual salary for that fiscal year must be the member's salary as a member of the public employees' retirement system plus the member's salary as a member of the teachers' retirement system; or

(ii) if the member's part-time service credit in the public employees' retirement system plus the member's part-time service credit in the teachers' retirement system equals less than 1 year in any of the fiscal years used to determine average final compensation, then the member's part-time salary as a member of the public employees' retirement system plus the member's part-time salary as a member of the teachers' retirement system must be divided by the sum of the member's part-time teachers' retirement system service credit and the member's part-time public employees' retirement system service credit, divided by the member's part-time teachers' retirement system service credit.

(b) Compensation reported to the public employees' retirement system used to calculate average final compensation must be adjusted to exclude any compensation that would be considered termination pay under this chapter."

Section 13. Section 19-20-905, MCA, is amended to read:

"19-20-905. Cancellation of allowance and restoration of membership. (1) If a disabled retiree is employed full-time in a capacity that would otherwise meet the eligibility requirements of active membership, as provided under 19-20-302, the retiree's retirement allowance must cease. If the retiree is employed *full-time* by an employer covered under this chapter, the retiree shall again become an active member of the retirement system. Any prior service certificate on the basis of which the member's service was computed at the time of the member's disability retirement must be restored to full force, and upon the member's subsequent retirement, the member must be credited with the prior service and all subsequent service as a member.

(2) If the member is restored to active membership on or after the attainment of the age of 55 years, the member's retirement allowance upon subsequent retirement may not exceed the retirement allowance that the member would have received had the member remained in service during the period of the member's previous retirement or the sum of the retirement allowance that the member was receiving immediately prior to the member's last restoration to service and the retirement allowance that the member would have received on account of the member's service since the member's last restoration had the member entered service at that time as a new member."

Section 14. Section 19-20-1101, MCA, is amended to read:

"19-20-1101. Withholding of group insurance premium from retirement allowance. *(1)* A retired member who is a participant in an employer-sponsored group insurance plan may elect to have the monthly premium for ~~such~~ *the* group insurance withheld from ~~his~~ *the member's* retirement allowance by the retirement system and paid directly to the insurance carrier or employer of record at the time of retirement.

(2) Upon the death of a retired member, the beneficiary, if eligible, may elect to continue to have the monthly insurance premium withheld from a monthly retirement benefit and paid directly to the employer or the employer's insurance carrier."

[SB 257]

AN ACT REQUIRING ADDITIONAL NOTICE OF TIME DEADLINES TO THE COURT IN CHILD ABUSE AND NEGLECT PROCEEDINGS; AND AMENDING SECTIONS 41-3-422 AND 41-3-432, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 41-3-422, MCA, is amended to read:

"41-3-422. Abuse and neglect petitions — burden of proof. (1) (a) Proceedings under this chapter must be initiated by the filing of a petition. A petition may request the following relief:

(i) immediate protection and emergency protective services, as provided in 41-3-427;

(ii) temporary investigative authority, as provided in 41-3-433;

(iii) temporary legal custody, as provided in 41-3-442;

(iv) termination of the parent-child legal relationship, as provided in 41-3-607;

(v) appointment of a guardian pursuant to 41-3-444;

(vi) a determination that preservation or reunification services need not be provided; or

(vii) any combination of the provisions of subsections (1)(a)(i) through (1)(a)(vi) or any other relief that may be required for the best interests of the child.

(b) The petition may be modified for different relief at any time within the discretion of the court.

(c) A petition for temporary legal custody may be the initial petition filed in a case.

(d) A petition for the termination of the parent-child legal relationship may be the initial petition filed in a case if a request for a determination that preservation or reunification services need not be provided is made in the petition.

(2) The county attorney, attorney general, or an attorney hired by the county shall file all petitions under this chapter. A petition filed by the county attorney, attorney general, or an attorney hired by the county must be accompanied by:

(a) an affidavit by the department alleging that the child appears to have been abused or neglected and stating the basis for the petition*; and*

(b) a separate notice to the court stating any statutory time deadline for a hearing.

(3) Abuse and neglect petitions must be given highest preference by the court in setting hearing dates.

(4) An abuse and neglect petition is a civil action brought in the name of the state of Montana. The Montana Rules of Civil Procedure and the Montana Rules of Evidence apply except as modified in this chapter. Proceedings under a petition are not a bar to criminal prosecution.

(5) (a) Except as provided in subsection (5)(b), the person filing the abuse and neglect petition has the burden of presenting evidence required to justify the relief requested and establishing:

(i) probable cause for the issuance of an order for immediate protection and emergency protective services or an order for temporary investigative authority;

(ii) a preponderance of the evidence for an order of adjudication or temporary legal custody; or

(iii) clear and convincing evidence for an order terminating the parent-child legal relationship.

(b) If a proceeding under this chapter involves an Indian child, as defined in the federal Indian Child Welfare Act, 25 U.S.C. 1901, et seq., the standards of proof required for legal relief under the federal Indian Child Welfare Act apply.

(6) Except as provided in the federal Indian Child Welfare Act, if applicable, the parents or parent, guardian, or other person or agency having legal custody of the child named in the petition, if residing in the state, must be served personally with a copy of all petitions at least 5 days before the date set for hearing. If the person or agency cannot be served personally, the person or agency may be served by publication as provided in 41-3-428 and 41-3-429.

(7) If personal service cannot be made upon the parents or parent, guardian, or other person or agency having legal custody, the court shall appoint an attorney to represent the unavailable party when, in the opinion of the court, the interests of justice require.

(8) If a parent of the child is a minor, notice must be given to the minor parent's parents or guardian, and if there is no guardian, the court shall appoint one.

(9) (a) Any person interested in any cause under this chapter has the right to appear. Any foster parent, preadoptive parent, or relative caring for the child must be given legal notice by the attorney filing the petition of all judicial hearings for the child and must be given an opportunity to be heard. The right to appear or to be heard does not make that person a party to the action. Any foster parent, preadoptive parent, or relative caring for the child must be given notice of all reviews by the reviewing body.

(b) A foster parent, preadoptive parent, or relative of the child who is caring for or a relative of the child who has cared for a child who is the subject of the

petition who appears at a hearing set pursuant to this section may be allowed by the court to intervene in the action if the court, after a hearing in which evidence is presented on those subjects provided for in 41-3-437(4), determines that the intervention of the person is in the best interests of the child. A person granted intervention pursuant to this subsection is entitled to participate in the adjudicatory hearing held pursuant to 41-3-437 and to notice and participation in subsequent proceedings held pursuant to this chapter involving the custody of the child.

(10) An abuse and neglect petition must:

(a) state the nature of the alleged abuse or neglect and of the relief requested;

(b) state the full name, age, and address of the child and the name and address of the child's parents or guardian or person having legal custody of the child;

(c) state the names, addresses, and relationship to the child of all persons who are necessary parties to the action.

(11) The court may at any time on its own motion or the motion of any party appoint counsel for any indigent party. If an indigent parent is not already represented by counsel, counsel must be appointed for an indigent parent at the time that a request is made for a determination that preservation or reunification services need not be provided.

(12) At any stage of the proceedings considered appropriate by the court, the court may order an alternative dispute resolution proceeding or the parties may voluntarily participate in an alternative dispute resolution proceeding. An alternative dispute resolution proceeding under this chapter may include a family group conference, mediation, or a settlement conference. If a court orders an alternative dispute resolution proceeding, a party who does not wish to participate may file a motion objecting to the order. If the department is a party to the original proceeding, a representative of the department who has complete authority to settle the issue or issues in the original proceeding must be present at any alternative dispute resolution proceeding.

(13) Service of a petition under this section must be accompanied by a written notice advising the child's parent, guardian, or other person having physical or legal custody of the child of the:

(a) right to request the appointment of counsel if the person is indigent or if appointment of counsel is required under the federal Indian Child Welfare Act, if applicable;

(b) right to contest the allegations in the petition; and

(c) timelines for hearings and determinations required under this chapter.

(14) Orders issued under this chapter must contain a notice provision advising a child's parent, guardian, or other person having physical or legal custody of the child that:

(a) the court is required by federal and state laws to hold a permanency hearing to determine the permanent placement of a child no later than 12 months after a judge determines that the child has been abused or neglected or 12 months after the first 60 days that the child has been removed from the child's home;

(b) if a child has been in foster care for 15 of the last 22 months, state law presumes that termination of parental rights is in the best interests of the child and the state is required to file a petition to terminate parental rights; and

(c) completion of a treatment plan does not guarantee the return of a child.

(15) A court may appoint a standing master to conduct hearings and propose decisions and orders to the court for court consideration and action. A standing master may not conduct a proceeding to terminate parental rights. A standing master must be a member of the state bar of Montana and must be knowledgeable in the area of child abuse and neglect laws."

Section 2. Section 41-3-432, MCA, is amended to read:

"41-3-432. Show cause hearing — order. (1) (a) A show cause hearing must be conducted within 10 days, excluding weekends and holidays, of the filing of an initial child abuse and neglect petition unless otherwise stipulated by the parties pursuant to 41-3-434 or unless an extension of time is granted by the court. *A separate notice to the court stating the statutory time deadline for a hearing must accompany any petition to which the time deadline applies.*

(b) The court may grant an extension of time for a show cause hearing only upon a showing of substantial injustice and shall order an appropriate remedy that considers the best interests of the child.

(2) The person filing the petition has the burden of presenting evidence establishing probable cause for the issuance of an order for temporary investigative authority after the show cause hearing, except as provided by the federal Indian Child Welfare Act, if applicable.

(3) At the show cause hearing, the court may consider all evidence and shall provide an opportunity for a parent, guardian, or other person having physical or legal custody of the child to provide testimony. Hearsay evidence of statements made by the affected child is admissible at the hearing. The parent, guardian, or other person may be represented by legal counsel. The court may permit testimony by telephone, audiovisual means, or other electronic means.

(4) At the show cause hearing, the court shall explain the procedures to be followed in the case and explain the parties' rights, including the right to request appointment of counsel if indigent or if appointment of counsel is required under the federal Indian Child Welfare Act, if applicable, and the right to challenge the allegations contained in the petition. The parent, guardian, or other person having physical or legal custody of the child must be given the opportunity to admit or deny the allegations contained in the petition at the show cause hearing. Inquiry must be made to determine whether the notice requirements of the federal Indian Child Welfare Act, if applicable, have been met.

(5) The court shall make written findings on issues including but not limited to the following:

(a) whether the child should be returned home immediately if there has been an emergency removal or remain in temporary out-of-home care or be removed from the home;

(b) if removal is ordered or continuation of removal is ordered, why continuation of the child in the home would be contrary to the child's best interests and welfare;

(c) whether the department has made reasonable efforts to avoid protective placement of the child or to make it possible to safely return the child to the child's home;

(d) financial support of the child, including inquiry into the financial ability of the parents, guardian, or other person having physical or legal custody of the child to contribute to the costs for the care, custody, and treatment of the child and requirements of a contribution for those costs pursuant to 41-3-446; and

(e) whether another hearing is needed and, if so, the date and time of the next hearing.

(6) The court may consider:

(a) terms and conditions for parental visitation; and

(b) whether orders for examinations, evaluations, counseling, immediate services, or protection are needed.

(7) Following the show cause hearing, the court may enter an order for the relief requested or amend a previous order for immediate protection of the child if one has been entered. The order must be in writing.

(8) If a child who has been removed from the child's home is not returned home after the show cause hearing or if removal is ordered, the parents or parent, guardian, or other person or agency having physical or legal custody of the child named in the petition may request that a citizen review board, if available pursuant to part 10 of this chapter, review the case within 30 days of the show cause hearing and make a recommendation to the district court, as provided in 41-3-1010.

(9) Adjudication of a child as a youth in need of care may be made at the show cause hearing if the requirements of 41-3-437(2) are met. If not made at the show cause hearing, adjudication under 41-3-437 must be made within the time limits required by 41-3-437 unless adjudication occurs earlier by stipulation of the parties pursuant to 41-3-434 and order of the court."
